

THE SOUTHEAST ASIAN JOURNAL OF TROPICAL MEDICINE AND PUBLIC HEALTH

Volume 23

Number 4

December 1992

CONTENTS

	Page
Editorial : Tropical medicine, technology and economic development	547
SEAMEO Regional Tropical Medicine Network..... C Harinasuta	550
Special report : The College of Public Health, The University of the Philippines Manila - meeting the challenge of health development	556
Special report : The development of nutrition training in Indonesia : The contribution of SEAMEO TROPMED	560
Special report : Seroepidemiological studies of malaria in different endemic areas of Indonesia.....	563
Special report : Health research in Malaysia : Overview and future directions.....	570
Special report : Epidemiology and control of malaria in Malaysia	572
Special report : Intestinal protozoan infections in Malaysia	578
Special report : Bionomics of important mosquito vectors in Malaysia	587
Special report : Health research in Faculty of Tropical Medicine, Mahidol University, Bangkok, Thailand	604
Special report : Immunological studies on some bacterial and parasitic diseases in Thailand	606
Special report : Drug resistant malaria with special reference to Thailand.....	621
Special report : Global malaria challenge : the Amsterdam summit	635
Review : Economics and tropical diseases : a research agenda using schistosomiasis as an example	641
Review : Thalassemia in Southeast Asia : problems and strategy for prevention and control	647
Review : Towards a malaria vaccine : riding the rollercoaster between unrealistic optimism and lethal pessimism.....	656
Review : Neurological complications of malaria	672
Review : Importance of ecology in <i>Aedes aegypti</i> control	681
Iron status of pregnant Filipino women as measured by serum ferritin	691
The prevalence of the indirect hemagglutination test for melioidosis in children in an endemic area	698
Hypercalcemia in active pulmonary tuberculosis and its occurrence in relation to the radiographic extent of disease.....	702

Streptococcal throat carriage in school children with special reference to seasonal incidence.....	705
..... K Prakash, A Lakshmy	
Pulmonary pathology in rabbits infected with the Baling and Koyan strains of <i>Schistosoma malayensis</i>	711
.....KC Shekhar, R Pathmanathan	
Albendazole stimulates outward migration of <i>Gnathostoma spinigerum</i> to the dermis in man	716
.....P Suntharasamai, M Riganti, S Chittamas, V Desakorn	
Problems in dengue control : a case study	723
.....S Poovaneswari, SK Lam	
IgM capture ELISA for detection of IgM antibodies to dengue virus : comparison of 2 formats using hemagglutinins and cell culture derived antigens.....	726
..... MJ Cardosa, PH Tio, S Nimmannitya, A Nisalak, B Innis	
Isolation of Getah virus from mosquitos collected on Hainan Island, China and results of a serosurvey	730
..... XD Li, FX Qiu, H Yang, YN Rao, CH Calisher	
Detection of circulating plasmodial antigens in human sera by sandwich ELISA with monoclonal antibodies	735
..... PKC Lim, JW Mak, HS Yong	
Two-site pan-species monoclonal antibody ELISA for detection of blood stage malaria antigen	740
..... Q Gao, S Tharavanij, S Khusmith, LQ Wang, S Looareesuan, WG Zhang	
Two-site sandwich ELISA for detection of <i>Plasmodium vivax</i> blood stage antigens using monoclonal and polyclonal antibodies	745
.....S Khusmith, P Intapan, S Tharavanij, S Tuntrakul, KA Indravijit, D Bunnag	
Antibody detection ELISAs for malaria diagnosis	752
..... PM Graves, R Boreham, G Robert, L Fray, LJ Xu, YM Huang, W Relf, A Saul, C Kidson	
Artemether in the treatment of multiple drug resistant falciparum malaria	762
..... D Bunnag, J Karbwang, T Harinasuta	
Preliminary report : A comparative clinical trial of artemether and quinine in severe falciparum malaria.....	768
..... J Karbwang, K Sukontason, W Rimchala, W Namsiripongpun, T Tin, P Auprayoon, S Tumsupapong, D Bunnag, T Harinasuta	
Pharmacokinetics of quinine, quinidine and cinchonine when given as combination	773
.....J Karbwang, D Bunnag, T Harinasuta, S Chittamas, J Berth, P Druilhe	
Fansimef for prophylaxis of malaria : a double-blind randomized placebo controlled trial.....	777
..... D Bunnag, S Malikul, S Chittamas, D Chindanond, T Harinasuta, M Fernex, ML Miltelholzer, S Kristiansen, D Sturchler	
Malaria in a rural area of eastern Thailand : baseline epidemiological studies at Bo Thong	783
.....P Kamolratanakul, B Dhanamun, S Lerthmaharit, T Seublinwong, R Udomsangpetch, N Chirakalwasorn, S Thaithong.	
Dyspepsia in acute falciparum malaria : a clinico-pathological correlation	788
..... P Wilairatana, M Riganti, S Looareesuan, B Punpoowong, P Srisopark, P Charoenlarp	
Eosinophilic response to falciparum malaria infections.....	795
.....GD Shanks, C Wilairatanaporn	
Incrimination of <i>Anopheles aconitus</i> Donitz as a vector of epidemic malaria in Bangladesh	798
.....NP Maheswary, MA Habib, M Elias	
Research note : The prevalence of helminth infection in Ban Nanin, Laos : additional data.....	802
..... T Scholz, O Ditrich, J Gutvirth, V Vanisaveth, B Hongvanthong, K Pholsena, B Sayaseng	
Research note : Eight cutaneous leishmaniasis cases detected in Karamay, Xinjiang Uygur Autonomous Region, China	803
..... LR Guan, YQ Yang, HY Ren, JJ Chai	
Research note : Rapid detection of hepatitis B surface antigen by red cell agglutination assay	805
..... Y Poovorawan, A Theamboonlers, Y Vuttinunt, S Chumdermpadetsuk	
Case report : Myiasis in human filarial lymphedema	807
..... R Srinivasan, SP Pani
