

THE SOUTHEAST ASIAN JOURNAL OF TROPICAL MEDICINE AND PUBLIC HEALTH

Volume 34 Supplement 2 2003

CONTENTS	Page
Foreword	i
Acknowledgements	ii
The recent malaria situation in Chittagong, Bangladesh	
SMB Hussain, MM Rahman, Z Ahmed, MM Siddique	1
Factors involved in the re-emergence of malaria in borderline of Iran, Armenia, Azerbaijan and Turkey	
H Vatandoost, H Ashraf, SH Salari Lak, R Entezar Mahdi, MR Abai, M Nazari	6
Molecular epidemiology of malaria in endemic areas of Iran	
M Assmar, A Terhovanesian, MR Jahani, H Nahrevanian, A Amirkhani, N Piazak, ARR Esmaeili, M Farahmand, M Zare	15
The hometowns of malaria patients admitted to King Chulalongkorn Memorial Hospital, Bangkok	
V Wiwanitkit	20
Malaria and enterobiasis among Karen Long-neck tribe in Mae Hong Son Province	
C Nithikathkul, P Polseela, W Poodendan, M Brodsky, D Rakprapapant, S Chadchatreechan, A Phethleart, Y Sukthana, S Leemingsawat	25
Genetic variants of β -globin gene in Thai malaria patients	
I Naka, J Ohashi, J Patarapotikul, H Hananantachai, S Looareesuwan, K Tokunaga	29
Molecular biology and biochemistry of malarial parasite pyrimidine biosynthetic pathway	
J Krungkrai, P Prapunwatana, C Wichitkul, S Reungprapavut, SR Krungkrai, T Horii	32
The role of nitric oxide and its up/downstream molecules in malaria: cytotoxic or preventive?	
H Nahrevanian, MJ Dascombe	44
Isolation and <i>in vitro</i> antimalarial activity of hexane extract from Thai <i>Picrasma javanica</i> B1 stem bark	
C Saiin, R Rattanajak, S Kamchonwongpaisan, K Ingkaninan, K Sukontason, A Baramee, B Sirithunyulug	51
rDNA-ITS2 based species-diagnostic polymerase chain reaction assay for identification of sibling species of <i>Anopheles fluviatilis</i> in Iran	
SR Naddaf Dezfouli, MA Oshaghi, H Vatandoost, M Assmar	56
Application of GIS to the characterization of filariasis transmission in Narathiwat Province	
C Apiwathnasorn, K Kanjanopas, S Thammaphalo, S Loymak, Y Samung, S Prummongkol, D Molyneux	61
Differentiation of <i>Brugia malayi</i> and <i>Brugia pahangi</i> by PCR-RFLP of ITS1 and ITS2	
S Nuchprayoon, S Sangprakarn, A Junpee, S Nithiuthai, S Chungpivat, Y Poovorawan	67
Evaluation of crude antigen of <i>Dirofilaria immitis</i> third-stage larva for detection of antibody against <i>Wuchereria bancrofti</i> infection by indirect ELISA	
D Riyong, W Choochote, N Morakote, A Jitpakdi, B Pitasawat, P Keha, P Tippawangkosol	74
Toxoplasmosis in HIV/AIDS patients in Malaysia	
V Nissapatorn, CKC Lee, SM Cho, M Rohela, A Khirul Anuar, KF Quek, HM Latt	80
Parasitic infections among Karen in Kanchanaburi Province, western Thailand	
C Nithikathkul, B Changsap, S Wannapinyosheep, N Arnat, S Kongkham, R Benchawattananon, S Leemingsawat	86
Intestinal parasitic infections in hill-tribe schoolchildren in Chiang Mai, northern Thailand	
S Piangjai, K Sukontason, KL Sukontason	90

Study of factors influencing intestinal parasitic infections in a rural community in northeastern Thailand J Suwansaksri, U Garnngarndee, V Wiwanitkit, S Soogarun	94
Cysticercosis/taeniasis: recent advances in serological and molecular diagnoses H Yamasaki, MO Sato, Y Sako, M Nakao, K Nakaya, W Mamuti, PS Craig, SS Margono, A Ito	98
Echinococcosis and cysticercosis in Asia: evaluation of the modern technology for epidemiological study A Ito, H Yamasaki, M Nakao, Y Sako, K Nakaya, W Mamuti, N Xiao, MO Sato, Y Ishikawa	103
Immunoperoxidase staining of alveolar hydatid cyst from an experimentally infected gerbil EB Kia	108
Localization of antigenic molecules of adult <i>Fasciola gigantica</i> using monoclonal antibodies against the parasite tegumental antigen D Krailas, S Ukong, S Kapuan, S Jumnearn, T Janecharat	110
Studies on concomitant antigens of <i>Bithynia funiculata</i> for detection of antibody to <i>Opisthorchis viverrini</i> : effect of different centrifugal speeds on antigen preparation D Watthanakulpanich, J Waikagul, P Dekumyoy, MT Anantaphruti	114
Preparation of <i>Gnathostoma</i> protein by ultrafiltration method using Nanosep membrane S Sugaron, W Saksirisampant, K Kraivichian, J Suwansaksri, V Wiwanitkit	121
Susceptibility of rodents to <i>Stellantchasmus falcatus</i> infection S Saenphet, C Wongsawad, K Saenphet, J-Y Chai	123
Distribution of <i>Pila polita</i> in a southern province of Thailand B Thaewnon-ngiw, N Lauhachinda, P Sri-Aroon, C Lohachit	128
Susceptibility and transovarial transmission of dengue virus in <i>Aedes aegypti</i> : a preliminary study of morphological variations L Wasinpiyamongkol, S Thongrungrat, N Jirakanjanakit, C Apiwathnasorn	131
Potential development of temephos resistance in <i>Aedes aegypti</i> related to its mechanism and susceptibility to dengue virus P Paeporn, N Komalamisra, S Thongrungrat, V Deesin, Y Eshita, Y Rongsriyam	136
Typing of dengue viruses in clinical specimens from central Thailand V Khachonsaksumet, C Chanyasanha, D Sujirarat, W Sritubtim, A Nisalak, TP Endy	142
Tuberculosis: clinical manifestations and outcomes V Nissapatorn, I Kuppusamy, A Khairul Anuar, KF Quek, HM Latt	147
Clinical features and early diagnosis of typhoid fever emphasizing usefulness of detecting mesenteric lymphadenopathy with ultrasound as diagnostic method S Nakachi, T Nakamura, N Agha, S Daud, S Mohd, F Hadi, A Sajid, Hamdullah, Azeem, A Rahman, D Mohd, Mirwais, Rona, Ilyas, Sharaf, Z Rahman, N Zia	153
Investigation of <i>Yersinia pestis</i> in <i>Xenopsylla astia</i> H Nekouie, MR Razavi, G Seyedipoor	158
A carrier state for human leptospirosis in an endemic tropical region N Saranya, R Padmasree, P Srinivasan, NR Mini	162
Molecular tools in leptospirosis diagnosis and characterization of isolates SC Sehgal, D Biswas, P Vijayachari, AP Sugunan, S Roy	163
Leptospirosis disease burden estimation and surveillance networking in India SC Sehgal, AP Sugunan and P Vijayachari	170
<i>Streptococcus suis</i> infection: overview of case reports in Thailand P Teekakirikul, V Wiwanitkit	178
Aflatoxin contamination of food and food products in Thailand: an overview W Waenlor, V Wiwanitkit	184
A survey of life-style diseases of inhabitants of Thailand M Sakuma, S Watanabe, T Kawabata, Y Kaneko, S Miyagi, S Shibata, K Hasegawa, Y Kagawa, P Charupoonphol, S Supannatas	191
