

SOUTHEAST ASIAN JOURNAL OF TROPICAL MEDICINE AND PUBLIC HEALTH

Volume 34

Supplement 3

2003

CONTENTS

NEWBORN SCREENING HISTORY

- The Development of International Cooperation in Newborn Screening and the Efforts of Bob Guthrie and Horst Bickel*
H Naruse 1
- History of the International Society for Neonatal Screening*
B Therrell, Jr, B Wilcken, H Naruse 3

ESTABLISHMENT, EVALUATION AND IMPROVEMENT OF NEWBORN SCREENING PROGRAMS

- Challenges and Opportunities in Establishing and Maintaining Newborn Screening Systems*
BL Therrell 6
- Evaluating Outcomes of Newborn Screening Programs*
B Wilcken 13
- Long Term Follow-up of Patients with Inborn Errors of Metabolism detected by the Newborn Screening Program in Japan*
K Aoki 19
- Beyond Screening: Challenges in Measuring Outcomes*
PD Santos Ocampo, RPR De Guzman, BC Cavan, CD Padilla 24

NEWBORN SCREENING QUALITY ASSURANCE SYSTEMS

- Quality Control System for Mass Screening in Japan*
H Naruse, A Tsuji, E Suzuki, N Watanabe, M Maeda, M Fukushi, N Ichihara 30
- Development of a Newborn Screening Laboratory Quality Assurance System in Shandong, China*
W Wang, X Chen, J Zang, Y He, P Zhang, F Shen 36
- Performance Evaluation for Screening Laboratories of the Asia-Pacific Region*
WH Hannon 39
- International Developments in Newborn Screening Quality Assurance*
D Webster 43

ETHICAL, LEGAL AND SOCIAL ISSUES IN NEWBORN SCREENING (ELSI)

- Bioethical Considerations in Neonatal Screening: Japanese Experiences*
I Matsuda 46
- Storage and Use of Residual Dried Blood Spots*
D Webster 49
- Ethical, Legal and Social Issues in Newborn Screening in the United States*
BL Therrell, Jr. 52

SCREENING DATABASES

- Information Overload - New Technologies, Can We Store the Data?*
V Wiley, K Carpenter, B Bennetts, B Wilcken 59

<i>Data Integration and Warehousing: Coordination Between Newborn Screening and Related Public Health Programs</i> BL Therrell, Jr.	63
--	----

NEWBORN SCREENING PROGRAMS

<i>Newborn Screening in Australia and New Zealand</i> D Webster	69
<i>Newborn Screening: Experience of Bangladesh</i> F Moslem, S Yasmeen, M Hasan, MA Karim, N Nahar, A Ahmed	71
<i>Neonatal Screening in Hong Kong and Macau</i> STS Lam, ML Cheng	73
<i>Newborn Screening in Indonesia</i> D Rustama, MR Fadil, ER Harahap, A Primadi	76
<i>Newborn Screening in Japan</i> K Aoki	80
<i>Newborn Screening in Korea</i> YJ Han, DH Lee, JW Kim	81
<i>National Neonatal Hypothyroid Screening Program in Mongolia</i> S Erdenechimeg	85
<i>Newborn Screening in the Philippines</i> CD Padilla	87
<i>Mass Newborn Screening in Singapore</i> R Joseph	89
<i>Neonatal Screening and Monitoring System in Taiwan</i> WL Hwu, AC Huang, JS Chen, KJ Hsiao, WY Tsai	91
<i>Neonatal Screening Program in Thailand</i> W Charoensiriwatana, N Janejai, W Boonwanich, P Krasao, S Chaisomchit, S Waiyasilp	94

NEONATAL SCREENING ASSAYS

<i>Reuse of Filter Plates for Elution of Dried Blood Spot Samples in Neonatal Assays</i> J Hardy, B Link	101
<i>Designing Quality Control for Neonatal Screening Assays</i> EMR Suolinna, TE Torresani, JO Westgard	103

TANDEM MASS SPECTROMETRY AND OTHER TECHNOLOGIES: IMPACT ON NEWBORN SCREENING

<i>MSMS Newborn Screening – Is It Really That Simple?</i> V Wiley, K Carpenter, U Bayliss, B Wilcken	107
<i>Expanded Newborn Screening by Tandem Mass Spectrometry: The Massachusetts and New England Experience</i> D Marsden	111
<i>Tandem Mass Spectrometric Analysis for Disorders in Amino, Organic and Fatty Acid Metabolism: Two Year Experience in South Korea</i> HR Yoon, KR Lee, H Kim, S Kang, Y Ha, DH Lee	115

<i>Outcomes from Tandem Mass Spectrometry (MS/MS) Workshops in the United States and the Performance Evaluation of MS/MS Laboratories</i> H Hannon, T Lim, B Adam, B Therrell	121
--	-----

G6PD DEFICIENCY

<i>Glucose-6-Phosphate Dehydrogenase Deficiency: Molecular Heterogeneity in Southeast Asian Countries</i> M Matsuo, K Nishiyama, T Shirakawa, CD Padilla, LP San, P Suryantoro, NM Yusoff, NTN Dao	127
<i>Quality Assurance Program for Neonatal Screening of Glucose-6-Phosphate Dehydrogenase Deficiency</i> SH Chiang, KF Wu, TT Liu, SJ Wu, KJ Hsiao	130
<i>G6PD Viangchan and G6PD Mediterranean are the Main Variants in G6PD Deficiency in the Malay Population of Malaysia</i> NM Yusoff, T Shirakawa, K Nishiyama, CK Ee, MN Isa, M Matsuo	135
<i>Glucose-6-Phosphate-Dehydrogenase (G6PD) Deficiency in Yogyakarta and its surrounding areas</i> P Suryantoro	138
<i>Using the Fluorescence Spot Test for Neonatal Screening of G6PD Deficiency</i> J Jiang, X Ma, C Song, B Lin, W Cao, S Wu, KJ Hsiao	140
<i>Automated Determination of Glucose-6-Phosphate Dehydrogenase (G6PD) on a SPOTCHECK® Microflow Analyzer</i> GST Chen, CL Peterson	143

CONGENITAL HYPOTHYROIDISM

<i>The Investigation of Factors Influencing the Measurement of Thyroid Stimulating Hormone in Dried Blood Spots on Filter Paper</i> X Chen, G Wu, Z Song, H Zhou, C Zhou, C Yang, W Wang	147
<i>Detection Through Screening of Maternal Thyrotoxicosis Induced Central Hypothyroidism In Newborns</i> R Joseph, YS Lee, SCY Ng, KY Loke	150
<i>The Utility of FT4 Serum in Newborns at Risk For Congenital Hypothyroidism (CH)</i> RA Cordova, G Vignola	152
<i>Initial Versus Confirmatory Thyroid Stimulating Hormone (TSH) Levels: Is there a correlation?</i> SC Estrada, KIT dela Cruz, C Padilla	154
<i>Urinary Iodide Levels In Term Newborns And Their Mothers - A Pilot Study</i> S Chan-Cua, M Ng, I Dayao, C Cuayo-Juico, F King, KK Tan	158
<i>Screening for Congenital Hypothyroidism – A New Era in Bangladesh</i> M Hasan, N Nahar, A Ahmed, F Moslem	162
<i>Newborn Screening for Congenital Hypothyroidism in Early Discharged Infants</i> CF Domingo, CD Padilla	165

CONGENITAL ADRENAL HYPERPLASIA

<i>Congenital Adrenal Hyperplasia: Should Nationwide Screening Be Implemented in Thailand?</i> N Janejai, P Krasao, J Phansang, R Pankarnjanato, W Charoensiriwatana	170
<i>Monitoring Congenital Adrenal Hyperplasia Using Blood Spot 17-Hydroxyprogesterone Assay</i> CM Santos, LR Abad, SC Chua, CF Domingo	174

DISORDERS IN PHENYLALANINE METABOLISM

<i>Phenylketonuria Detected by the Neonatal Screening Program in Thailand</i> S Pangkanon, V Ratisawadi, W Charoensiriwatana, W Techasena, K Boonpuan, C Srisomsap, J Svasti	179
<i>Hyperphenylalaninemia in the Philippines</i> SC Estrada, CD Padilla	182

<i>A Survey for the Incidence of Phenylketonuria in Guangdong, China</i> J Jiang, X Ma, X Huang, X Pei, H Liu, Z Tan, L Zhu	185
<i>6-Pyruvoyl Tetrahydropterin Synthase Deficiency: A Case Report</i> SB Capistrano-Estrada, WL Nyhan	186

OTHER INBORN ERRORS OF METABOLISM

<i>Clinical Evaluation and Emergency Management of Inborn Errors of Metabolism Presenting in the Newborn</i> J Christodoulou	189
<i>An Introduction to Nutritional Treatment in Inborn Errors of Metabolism - Different Disorders, Different Approaches</i> B Wilcken	198
<i>Challenges of Managing Patients With Inherited Metabolic Disorders in a Developing Country</i> PB Acosta, R Sabo	202
<i>Practical Aspects of Managing Low Protein Diets</i> S Thompson	208
<i>Dietary Management of Galactosemia</i> SM Thompson, FE Arrowsmith, JR Allen	212
<i>Cost-Benefit Analysis of Newborn Screening for Galactosemia in the Philippines</i> CD Padilla, LF Dans, SC Estrada, MR Tamondong Jr, JJO Laceste, RMS Bernal	215

INFECTIOUS DISEASES

<i>A Study to Implement Early Diagnosis of HIV Infection in Infants Born to Infected Mothers</i> B Sriwanthana, N Wetprasit, S Chareonsook, N Janejai, W Charoensiriwatana	221
---	-----

NEWBORN HEARING SCREENING

<i>Universal Neonatal Hearing Screening: Applications for a Developing Country in the Asia-Pacific Region</i> CG Navarro-Locsin	227
<i>Mass Newborn Screening for Hearing Impairment</i> R Joseph, HKK Tan, KT Low, PG Ng, J Tunnel, S Mathew	229
<i>Newborn Hearing Screening Using the Evoked Otoacoustic Emission: The Philippine General Hospital Experience</i> MRTR Quintos, PFD Isleta, CC Chiong, GT Abes	231

HUMAN GENOME PROJECT

<i>The Human Genome Project: Opportunities, Challenges and Consequences for Population Screening</i> J Christodoulou	234
---	-----

BIRTH DEFECTS

<i>Birth Defects Ascertainment in the Philippines</i> CD Padilla, EM Cutiongco, JM Sia	239
<i>Prenatal Genetic Screening for Down Syndrome and Open Neural Tube Defects Using Maternal Serum Markers in Thai Pregnant Women</i> P Wasant and S Liammongkolkul	244
