Possible acute coinfections in Thai malaria patients ................................. T Singhsilarak, S Phongtananant, M Jenjittikul, G Watt, N Tangpakdee, N Popak, K Chalermrut, S Looareesuwan 1
Comparison of two in vitro sensitivity tests for Plasmodium falciparum ...................... W Chaijaroenkul, P Tippawangkosol, J Kuesap, K Congpuong, R Ruenweerayut, N Suwandittakul, D Songthammawat, K Na-Bangchang 5
Chloroquine efficacy in Plasmodium berghei NK65-infected ICR mice, with reference to the influence of initial parasite load and starting day of drug administration on the outcome of treatment ................................................. A Ishih, T Suzuki, FW Muregi, K Matsui, M Terada 13
Case report. Visceral leishmaniasis and tuberculosis in patients with HIV co-infection ............... VNR Das, K Pandey, N Kumar, SM Hassan, S Bimal, CS Lal, NA Siddiqui, SK Bhattacharya 18
Use of Brugia Rapid dipstick and ICT test to map distribution of lymphatic filariasis in the Democratic Republic of Timor-Leste ............................................. W Melrose, N Rahmah 22
An attempt to study the economic loss arising from Schistosoma japonicum infection and the benefits derived from treatment .................. BL Blas, IL Lipayan, LC Tormis, LA Portillo, M Hayashi, H Matsuda 26
Study of the morphological characteristics of Schistosoma mansoni in mice, squirrels, and hamsters ................................................................. PC Fan, KY Pao 33
Prevalence and distribution of soil-transmitted helminthiases among Orang Asli children living in peripheral Selangor, Malaysia ...................... MS Hesham Al-Mekhlafi, M’ Azlin, U Nor Aini, A Shaikh, A Sa’lah, MS Fatmah, MG Ismail, MS Ahmad Firdaus, MY Aisah, AR Rozlida, M Norhayati 40
Instruction in behavior modification can significantly alter soil-transmitted helminth (STH) re-infection following therapeutic de-worming ........................... JW Albright, J Basaric-Keys 48
Seroprevalence of cysticercosis in a rural village of Ranau, Sabah, Malaysia ............................ MY Noor Azian, SL Hakim, A Sumiati, M Norhafizah 58
Laboratory and semi-field evaluation of Mosquito Dunks® against Aedes aegypti and Aedes albopictus larvae (Diptera: Culicidae).... T Fansiri, U Thavara, A Tawatsin, S Krasaesub, R Sithiprasasna 62
Malaysian mosquitocidal soil bacterium (Bacillus thuringiensis) strains with selective hemolytic and lectin activity against human and rat erythrocytes .................................................. VD Nadarajah, SH Chai, SM Mohammed, KK Chan, K Kanakeswary 67
An evidence of intestinal mucosal injury in dengue infection ................................. P Vejchapipat, A Theamboonlers, V Chongsrisawat, Y Poovorawan 79
HIV/AIDS care and treatment in three provinces in northern Thailand before the national scale-up of highly-active antiretroviral therapy ............................................... S Thanprasertsuk, C Lertpiriyasuwat, T Leusaree, P Siririrund, S Sumanapan, C Chariyalertsak, N Simmons, TV Ellerbrock, T Siraprapasiri, C Yachompoo, S Panputtanakul, P Virapat, P Supakalin, K Srinthaniviboonchai, P Mock, S Supawitkul, J W Tappero, WC Levine 83
International collaborative survey on epidemiology of hepatitis E virus in 11 countries ...... K Abe, T-C Li, X Ding, KM Win, PK Shrestha, VX Quang, TT Ngoc, TC Taltavull, AV Smirnov, VF Uchaikin, P Luengrojanakul, H Gu, AR El-Zayadi, AM Prince, K Kikuchi, N Masaki, T Sata, N Takeda 90
A 24-year review on the epidemiology and control of measles in Singapore, 1981-2004 .................................................. G Ong, HB Hoon, A Ong, LT Chua, CS Kai, GK Tai 96
The effect of temperature and UV light on infectivity of avian influenza virus (H5N1, Thai field strain) in chicken fecal manure ... K Chumpolbanchorn, N Suemanotham, N Siripara, B Puyati, K Chaichoune 102
RNA in situ hybridization for the detection of feline immunodeficiency virus in infected cells ................................................................. G Ryan, C O’Flatharta, J Callanan, MJ EMF Mabruk 106
The effect of infection of hatched blastocyst bovine embryos with border disease and bovine viral diarrhea viruses ............................................................ MJ EMF Mabruk, BB Sheahan, G Atkins 113
Consumption of viscera as the most important risk factor in the largest outbreak of shellfish poisoning in Hong Kong, 2005 ................................................................. PH Chung, SK Chuang, T Tsang 120
Open study on efficacy and safety of levofloxacin in treatment of uncomplicated typhoid fever ................................. RHH Nelwan, K Chen, Nafrialdi, D Paramita 126
Prevalence of extended-spectrum beta lactamases (ESBLs) produced in blood isolates of gram-negative bacteria in a teaching hospital in southern Thailand ................................. S J itsurong, J Yodsawat 131
Mutations in the rpoB gene of rifampicin-resistant Mycobacterium tuberculosis strains from Thailand and its evolutionary implication .................................................................................. P Ramasoota, P Pitaksajjakul, W Phathattakorn, V Pransujarit, J Boonyasopun 136
Seroprevalence and risk factors associated with leptospirosis in dogs .............................................................................................. T Meeyam, P Tablerk, B Petchanok, D Pichpol, P Padungtod 148
Case report. Weil’s disease with elevated plasma D-dimer ..... K Ohnishi, Y Kato, K Hayakawa 154
Case report. Rhodococcus equi—an emerging human pathogen in immunocompromized hosts: a report of four cases from Malaysia .................................................................................. SD Puthucheary, V Sangkar, A Hafeez, R Karunakaran, NS Raja, HH Hassan 157
Antibiotic resistance of enterococci isolated from frozen foods and environmental water .............................................................. U Tansuphasiri, D Khaminthakul, W Pandii 162
Time to positivity of blood culture in newborn infants ................................. W J anjindamai, S Phetpisal 171
An alternative high-performance liquid chromatographic method for determination of clindamycin in plasma .............................................................. K Na-Bangchang, V Banmairuroi, B Kamanikom, D Kiod 177
Prevalence and risk factors for reproductive tract infections among women in rural Vietnam ................................................................. VF Go, VM Quan, DD Celentano, LH Moulton, J M Zenilman 185
The prevalence of lower genital tract infections among ante-natal care (ANC) clinic patients in two central hospitals, Vientiane, Lao People’s Democratic Republic .... S Thammalangsy, A Sihavong, T Phouthavane, K Sayabounthavong, S Puapermpoonsiri, D Kitayaporn, J Gallwey, PJ Rowe 190
Retrospective prevalence of snakebites from Hospital Kuala Lumpur (HKL) (1999-2003) ................................. IJ amaiah, M Rohela, TK Ng, KBH Ch‘ng, YS Teh, AL Nurulhuda, N Suhaili 200
Assessing prescribing and patient care indicator for children under five years old with malaria and other disease conditions in public primary health care facilities .............................................................. SED Nsimba 206
Microbiological and biochemical assessment of the surface area of breast nipples and breast milk of lactating women in Calabar, southeastern Nigeria ................................................................. ME Eja, BE Asikong, SM Udo, CI Mboto, GE Arikpo 215
Practice of using human excreta as fertilizer and implications for health in Nghean Province, Vietnam ................................. PD Phuc, F Konradsen, PT Phuong, PD Cam, A Dalsgaard 222
Prevalence and factors influencing smoking amongst Malay primary school children in Tumpat, Kelantan ................................. TH Norsane, MN Norhayati, B Norsa’adah, NN Naing 230
