

## SUBJECT INDEX

<i>Acanthamoeba</i> cysts, effects of <i>Pouzolzia indica</i>	776	caries, early childhood, related factors	717
<i>Acinetobacter baumannii</i> , carbapenem-resistant	625	chikungunya virus, identification of	
<i>Aedes aegypti</i> (L.), identification of blood meal	43	circulating strains	1374
<i>Aedes aegypti</i> (Linn.), activity of medicinal		chikungunya, clinical profile of sequelae	85
plant oils	831	chikungunya, IgM antibodies detection	92
<i>Aedes albopictus</i> , spray application	1071	condom use, female factory workers	685
<i>Aedes stegomyia albopictus</i> , breeding patterns	536	CRF01_AE protease, mutations	347
Albendazole, therapy in solitary cysticercus		Crimean-Congo hemorrhagic fever, student	
granuloma	517	knowledge	77
alcohol consumption, associated factors	735	Cruveilhier-Baumgarten syndrome, cirrhotic	
alcoholic beverages, youth drinking patterns	1467	patients	1267
all-cause mortality, geographical variations	1209	Cryptococcosis, tongue infection	1188
<i>Angiostrongylus cantonensis</i> , immunoblot		<i>Cryptosporidium</i> , dairy cow fecal samples	770
diagnosis	785	<i>Ctenocephalides felis felis</i> , students infestation	1331
<i>Anopheles epiroticus</i> , bionomic status	541	<i>Culex quinquefasciatus</i> (Say), larvicidal of	
<i>Anopheles maculatus</i> larvae, distribution and		<i>S. xanthocarpum</i>	311
habitat	821	<i>Culex quinquefasciatus</i> , activities of herbal	
<i>Anopheles minimus</i> , activities of herbal		essential oils	1342
essential oils	1342	cysticercus granuloma, albendazole therapy	517
<i>Anopheles minimus</i> , activity of medicinal		cytomegalovirus, alveolar hemorrhage causing	900
plant oils	831		
antenatal care, Lao ethnic populations	705	dengue hemorrhagic fever, management	
avian influenza A/H5N1, seroprevalence	1095	strengthening	858
azithromycin, LC/MS determination method	1048	dengue hemorrhagic fever, with acute	
		pancreatitis	864
<i>Bacillus thuringiensis israelensis</i> , <i>Ae. albopictus</i>		dengue infection, electrolyte and urine analysis	72
control	1071	dengue infection, mortality associated clinical	
<i>B. pseudomallei</i> antibodies, cross-reaction with		factors	333
<i>B. thailandensis</i> antigen	395	dengue infection, prevention and control	841
bancroftian filariasis, diagnosis	285	dengue shock syndrome, predictors during the	
bancroftian filariasis, doxycycline and diethylcar-		febrile stage	326
bamazine combination	800	dengue viral infection, severity marker	1088
bed bugs, life cycle and insecticides		dengue virus-infected cells, flow cytometric	
effectiveness	548	analysis	1352
<i>Bithynia</i> snail antigens, detection of		<i>Dermatophagoides farinae</i> , effects of	
opisthorchiasis	813	microwave radiation	1335
blood donation, predicting factors assessment	660	<i>Dermatophagoides pteronyssinus</i> , effects of	
blood-borne infectious diseases, knowledge		microwave radiation	1335
and practice	1192	diabetes mellitus, type 2, Hb variants	1247
bronchoalveolar lavage, serum cotinine levels	1252	diabetes, type 2, PON 1 activity	1231
<i>Burkholderia pseudomallei</i> , role of capsule on epithe-		diabetic hypertensives, blood pressure control	973
lial cell lines	1164	diarrhea, children, statistical method for	
<i>Burkholderia thailandensis</i> , antigen for diagnosis	395	incidence estimation	203
<i>Burkholderia</i> , antibiosis	904	diphtheria, outbreak	647
		<i>Dirofilaria immitis</i> , size and charge antigens	285
Capillariasis, screening using ELISA	298	dyslipidemia, screening methods	215

SUBJECT INDEX

ear clinic, rural India	235	Hypertension, unhealthy lifestyle and other factors association	726
ectoparasites, occurrence on rodents	1324	IgE-binding proteins, <i>L. edulis</i> extracts	653
ectoparasitic fauna	526	immune reconstitution inflammatory syndrome	138
<i>falciparum</i> malaria patients, acute renal failure	1042	influenza, responding to pandemic	1104
<i>falciparum</i> malaria, platelet count	1035	influenza virus, circulating seasonal strains	1368
fatty liver, non-alcoholic, prevalence	936	influenza-like illness, sentinel surveillance	97
fluoride dentifrice, effects on remineralization	243	injuries, open university students	1220
Free Trade Agreement, Thai-US, impact on access to medicines	667	intimate relationships, adolescents in different social groups	1475
G6PD quantitation	982	iodine deficiency disorder, pregnant women	989
<i>Giardia duodenalis</i> , detection and genotyping	280	Japanese encephalitis virus, envelope protein	1359
glycemic control, self efficacy, self control	943	kala-azar, attitudes and practices	1
<i>Gnathostoma</i> , predictive factors for seropositivity	1316	lamivudine, determination in human plasma	369
goiter morbidity survey	1200	lead, airborne, analysis kit development	1500
green pit viper, digital gangrene	192	<i>Leptotrombidium deliense</i> , repellents evaluation	1082
green tea extract, effect on HMGB1	250	<i>Loligo edulis</i> , IgE-binding proteins	653
H5N1 and H1N1 influenza A virus, NA activity	562	<i>M. leprae</i> infection, Nramp1 gene	386
<i>Haplorchis taichui</i> , copro-DNA diagnosis	28	malaria control, integration with vector control	1297
HBV DNA, intrahepatic, cccDNA levels	867	malaria epidemiology	1279
HBV ribonuclease H domain	1381	malaria infection and dexamethasone, effect on spleen	1290
HBV vaccine, immunogenicity during shelf-life	876	malaria perceptions and practices	274
<i>Helicobacter pylori</i> , detection in gastric biopsy specimens	1423	malaria, severe, vitamin K injection	514
hepatitis A virus, detection in raw oysters	105	MDR-TB, a study in UAE	163
hepatitis B and C virus, blood donors screening	1116	medical care cost, China	240
hepatitis B vaccine, escalated regimen	555	Melioidosis, profile in India	401
herbal essential oils, effect against <i>Cx. quinquefasciatus</i> and <i>An. minimus</i>	1342	melioidosis, spectrum in Mangalore, India	169
HIB vaccination, private demand	883	milk, effects of high calcium	1494
high-fat meal, effect on forearm blood flow	490	<i>Morinda citrifolia</i> Linn, activities of leaf extract	482
HIV infected children, quality of life	1136	MRSA, SCC <sub>mec</sub> -types	920
HIV infection, mental health of "money boys"	358	<i>Mycobacterium avium</i> complex, CLR resistance	590
HIV testing, access for sex workers	153	<i>Mycobacterium leprae</i> , B cell epitope mapping of ESAT-6	1158
HIV/AIDS, knowledge, attitudes and perceptions	952	mycobacterium lung diseases, non-tuberculous, identification in AFB-positive patients	1432
HIV-1 infected patients, ZAP-70 positive cells	146	<i>Mycobacterium tuberculosis</i> , drug resistance and RFLP analysis	583
HIV-2, inefficient transmission	570	<i>Mycobacterium tuberculosis</i> , Nramp1 gene	386
HIV-infected children, outcomes after HAART	126	<i>Mycoplasma</i> , feline hemotropic, detection in blood and tissue	1447
HIV-infected patients, incidence and clinical features of IRIS	138	Nramp1/Slc11a1 gene polymorphisms	386
HIV-infected women, psychosocial burden	224		
HMGB1, effected of green tea extract	250		
Hyper eosinophilia, response to antihelminthic treatment	1322		

<i>Opisthorchis viverrini</i> , copro-DNA diagnosis	28	sex workers, female, STI risk behavior	463
<i>Opisthorchis viverrini</i> , prevalence in canine and feline hosts	36	sexually transmitted infection, risk behaviors	463
PAP smears, psychosocial burden	224	Shigella-associated diarrhea in children	418
parent-adolescent daughter communication	961	<i>Siphunculina funicola</i> , a pathogenic bacteria carrier	61
<i>Penicillium citrinum</i> , sago hemolytic disease implication	641	smoking ban, restaurants in China	1258
pertussis vaccine, acellular combination	450	snake bites, venomous, Lao PDR	195
<i>Pichia pastoris</i> , SAG2 of <i>T. gondii</i> expression	507	<i>Solanum xanthocarpum</i> , effect against snails and mosquito larvae	320
pinworm infection, prevalence in kindergarten	306	<i>Solanum xanthocarpum</i> , larvicidal action	311
<i>Plasmodium falciparum</i> , culture in hollow fiber bioreactors	761	SPI-7, <i>S. Typhi</i>	913
<i>Plasmodium falciparum</i> , gametocyte transmission reduction	1306	<i>Staphylococcus aureus</i> , methicillin resistant isolates	920
<i>Plasmodium knowlesi</i> malaria, management	19	statistical method, application to child diarrhea	203
poisoning, hazardous environmental factors	1021	stavudine, determination in plasma	369
post abortion care services, awareness and practices	696	<i>Streptococcus suis</i> , incidence and virulence factors in slaughtered pigs	1454
primaquine, long term administration	1306	<i>Streptomyces</i> SJE177, characterization	1177
probiotics, live vs killed	474	Strongyloidiasis, gastrointestinal manifestations	22
<i>Pseudomonas aeruginosa</i> , OprD porin protein	614	substance use, university students	996
psychosocial burden, abnormal PAP smears	224	team-based learning	743
public health education, team-based learning	743	<i>Toxoplasma gondii</i> antibodies, best detecting method	1059
<i>Pythium insidiosum</i> , effect of temperature on oomycete growth	1462	<i>Toxoplasma gondii</i> , DNA detection	265
rabies antibodies, determination using LAT	1387	<i>Toxoplasma gondii</i> , diagnostic use of SAG2	507
reverse transcriptase, mutations	347	<i>Toxoplasma gondii</i> , infection of stray cats	13
rhinofacial entomophthoramyiasis	928	trichomoniasis, cosmopolitan Malaysia	1312
rhinosinusitis, fungal	442	trimethoprim, resistance integron	436
rhinosporidiosis, patterns in Sri Lanka	175	TRIPS-Plus, impact on access to medicines	667
roadside air samples, microbial counts and PM10	678	tsunami, snails and trematode infection	48
rotavirus G and P genotypes, distribution	1145	tuberculosis retreatment defaults	1153
rotavirus, cost-effectiveness of vaccination	114	tuberculosis, endotracheal obstruction	602
rotavirus, human group A characterization	341	tuberculosis, a retrospective study in Malaysia	378
rotavirus, human, phylogenetic analysis	1393	tuberculosis, incidence modeling	574
sago hemolytic disease, <i>P. citrinum</i> implication	641	tuberculosis, MDR-TB	163
<i>Salmonella enterica</i> serovar Typhi, fluoroquinolone resistance	1416	tuberculosis, metastatic cancer and lymphadenitis coexistence	608
<i>Salmonella enterica</i> , serotypes and antimicrobial resistance	1405	tuberculous septic arthritis, clinical features	1438
<i>Salmonella invA</i> gene, detection in shrimp	426	typhoid carriers, Vi serology and nested PCR diagnosis	636
<i>Salmonella</i> Typhi, Vi gene stability	913	vaccine, acellular pertussis combination	453
<i>Schistosoma japonicum</i> , eosinophilic appendicitis	1065	vasectomy, declining use	1008
sex workers, access to HIV testing	153	<i>Vibrio cholerae</i> , analysis by pulsed field gel electrophoresis	410
		viral respiratory tract infection, Vietnam	1125
		vitamin K, injection in severe malaria	514
