

## SUBJECT INDEX

<i>ABCB-1</i> C3435T polymorphisms	78	backpackers, health problem during flooding	1193
ABO blood groups, frequency among neonates	467	bacteria, pathogenic, antimicrobial resistance in Southeast Asia	585
abortion seekers, knowledge and practices	471	<i>Bartonella</i> , species and ectoparasites in dogs	1186
<i>Acantamoeba keratis</i> , elical features	549	<i>Burkholderia pseudomallei</i>	124
accidents, cluster weapon and landmine	1035	Ca <sup>2+</sup> -ATPase sylvhydrolyl modifications	1252
accidents, road traffic	785	<i>Campylobacter</i> , chicken carcasses and slaughterhouses	96
<i>Acinetobacter baumannii</i> , class 1 integrons	376	<i>Campylobacter jejuni</i> , ultrasonographic findings	423
<i>Aedes</i> , point mutations	1380	<i>Cana indica</i> L., anti-HIV-1 protein	1153
<i>Aedes (Stegomyia) aegypti</i> (L.), insecticide susceptibility	34	carbon monoxide, exhaled levels, male smokers	212
<i>Aedes ablopictus</i> densovirus, genetic variation	1122	caries prevention, childhood	1280
<i>Aedes aegypti</i> , dengue infected protein expression	1346	caries prevention, fluoride varnish effect	808
<i>Aedes aegypti</i> , dengue-2 virus carrying capacity	634	chikungunya virus, evaluation of rapid tests	55
<i>Aedes aegypti</i> , resistance to temephos	29	cholera, food-borne outbreaks	927
<i>Aedes aegypti</i> , transovarian dengue virus transmission rate	1146	circumcision, neonatal	1218
<i>Aedes aegypti</i> (L.), Bti spray application	296	<i>Clostridium perfringens</i> , density in rivers	129
<i>Aedes aegypti</i> (L.) effects of ribavin and hydroxyurea	1358	Crimean-Congo hemorrhagic fever	1411
<i>Aedes aegypti</i> (Linnaeus), key breeding sites	1365	<i>Cryptococcus humicolus</i> meningitis	1212
<i>Aedes albopictus</i> (Skuse), key breeding site	1365	<i>Cryptosporidium</i> , seasonal variation	832
<i>Aedes albopictus</i> Skuse, Bti spray application	296	Culicidae, immature stage habitats	1387
<i>Aedes</i> mosquito larvae, collection in Japan	1375	cytomegalovirus, latent infection	1419
<i>Ajuga remota</i> , antimalarial activity	545	dengue-2 virus, carrying capacity of <i>Ae. aegypti</i>	634
alcohol consumption, vocational school students	1560	dengue hemorrhagic fever, perinatal	62
alcohol use behavior	1025	dengue infection, anemia and breeding risk	311
anemia, iron deficiency, risk factors	735	dengue infection, bleeding early predictors	890
<i>Angiostrongylus cantonensis</i> , population structure	567	dengue patients, enhancing antibodies	624
<i>Angiostrongylus cantonensis</i> , secretory metalloproteases	1105	dengue transmission, impact of Bti spray	296
<i>Anisakis simplex</i> , third stage larvae	287	dengue virus, identification in mosquito and sera	641
<i>Anopheles dirus</i> , AdPMCTL effect	1134	dengue virus infection, chronic myeloid leukemia	900
<i>Anopheles</i> larvae, abundance and distribution	601	dentifrice, effect of essential oil	243
<i>Anopheles minimus</i> , insecticide efficacy	1339	dentine hypersensitivity	1059
<i>Anopheles dirus</i> , insecticide efficacy	1339	diabetes, type 1, complications	1252
antibiotic use for URI, KAB	1233	diabetes, type 1, diabetes camp	172
avian influenza (H5N1) characteristics	877	diabetes, type 2, microalbuminuria	455
<i>Bacillus thuringiensis israelensis</i> , spray application	296	drinking culture, Thai-Issan context	795
		DtaP-IPVII PRP-T vaccine, immunogenicity	687
		DtaP-IPV vaccine, immunogenicity and safety	687

<i>Ehrlichia</i> spp, identification in canines	964	illness and injury, prevalence and predictors	773
emergency contraception	1512	infecting drug users, unsafe practices and sexual behaviors	652
enamel erosion	1292	influenza A (H1N1), KAP among school-children	1489
enamel microhardness, effect of calcium	1053	influenza A (H3N2) virus, non vaccinated population	674
endophthalmitis, post-operative	1484	influenza B virus, neutralization titers	674
Enterobacteriaceae, interpretive criteria for susceptibility testing	1461	influenza surveillance	871
enterococci, urine, anticicrobial susceptibility	986	job satisfaction	1762
epididymo-orchitis, tuberculous	951	KAB, antibiotic use	1233
<i>Escherichia coli</i> , enterotoxigenic	1452	<i>Klebsiella pneumoniae</i> , carbapenem resistance	1178
<i>Escherichia coli</i> , ESBL-producing, carbapenem resistance	1178		
<i>Escherichia coli</i> , ESBL-producing, risk factors	1169		
essential oils, anti-plasmodial activity	270		
falciparum malaria, acute renal failure	1071	labyrinthitis, acute	857
filariasis, lymphatic, GIS mapping	557	leishmaniasis, autochthonous cutaneous	17
filth flies, surveys of parasitoids	48	<i>Leptospira</i> infection	943
food security	1042	life satisfaction, students' perception	1568
<i>Fusarium dimerum</i>	1484	living environment, effect on falls	1537
		<i>Loligo edulis</i> , tropomyosin identification	185
H1N1 influenza, pandemic in Cambodia	68		
H1N1 vaccine, inactivated pandemic	680	malaria elimination	819
health care seeking, household costs in Lao PDR	1521	malaria infection, risk factors	1313
health impact assessment, community assessing	236	malaria prevalence, migrant populations	261
health impact assessment, slaughterhouses	229	maternal morbidity, husband support	1009
<i>Helicobacter pylori</i> , antimicrobial susceptibility	933	metabolic syndrome	756
<i>Helicobacter pylori</i> , <i>cag</i> A epiya motifs prevalence	105	microalbuminuria, risk factors in type-2 diabetes	455
helminthes, gastrointestinal	21	mite, house dust, mimotope identification	614
helminth infection, knowledge and practices	1326	mite antigen, detection in house dust	1114
hemoglobin Pyrgos	1258	mite fauna, detection in house dust	1114
hepatic failure, children	764	musculoskeleton disorders, preventing interventions	510
hepatitis C virus infection, blood donors	668	<i>Muscoder crispans</i> , antimicrobial activity	1474
hepatotoxicity, antituberculosis drug-induced	724	<i>Mycobacterium abscessus</i> lung disease	859
hinokitiol, anti-plasmodial activity	270	<i>Mycobacterium tuberculosis</i> , direct detection in sputum	89
histoplasmosis, disseminated	992	<i>Mycobacterium tuberculosis</i> , genetic polymorphisms	1161
histoplasmosis, HIV-infected Thai patients	436	<i>Mycobacterium tuberculosis</i> UVRC	370
HIV/AIDS, prevention among university students	1502	myiasis, human	1205
HIV/TB co-infected adults	78		
HIV-1 genotyping, dried blood spots	333	neosporosis, slaughtered beef cattle	1087
HIV-infected pateints, with and without HCV co-infection	646	nevraspine, long term outcomes	860
HIV infection, MSM	1304	norovirus, genetic characterization	323
hydroxyurea, effects on <i>Ae. aegypti</i> (L.)	1358	obesity, adolescents	756

SUBJECT INDEX

<i>Opisthorchis viverrini</i> , risk factors	574	schistosomiasis, nasal, large ruminants	586
oral health care, parent capability	249	school environment, students' perception	1508
oral health intervention, multi-level	526	sexual and reproductive health services	479
oral hygiene instruction	1297	<i>Shigella flexneri</i> , decreased antimicrobial susceptibility	1447
organic compounds, volatile, health risks	201	slaughterhouses, health impact assessment	229
		sleepiness, excessive daytime	749
papilloma virus, vaccine	340	smokers, adolescent	1273
parasitoids of filth flies	48	smoking behavior, interventions	1018
PCR-RAPD markers, <i>A. cantonensis</i>		smoking behavior, students	219
population structure	567	smoking cessation, higher school student	1548
penicillosis, HIV-infected Thai patients	436	smoking cessation, perceptions about quitting	501
pentavalent vaccine, antibody persistence	442	soil-transmitted helminthiasis, mass treatment	589
periodontal health	1297	<i>Staphylococcus aureus</i> , activity of oil and acid	969
pertussis control	699	<i>Streptococcus</i> , $\beta$ -hemolytic, urinary tract infection in a neonate	1470
<i>Pichia pastoris</i> , expression of <i>T. gondii</i> GRA <sub>2</sub>	110	Stomoxyni flies, distribution	1400
<i>Plasmodium berghei</i> , activity of <i>Ajuga remota</i>	545	<i>Streptococcus gallolyticus</i> neonatal meningitis	145
<i>Plasmodium falciparum</i> , drug effects on intracellular movement	1	<i>Strongyloides stercoralis</i> , genetic differentiation	1333
<i>Plasmodium malariae</i> -infected erythrocytes	1080		
<i>Plasmodium vivax</i> , merozoites surface protein	280	temephos, resistance of <i>Ae. aegypti</i> larvae	29
pneumococcal disease, invasive, hospitalized children	136	thalassemia, beta, obstructive sleep apnea	152
<i>Pneumocystis carinii</i> pneumonia	825	thalassemia, family management behavior	160
<i>Pseudomonas aeruginosa</i> , burn patients	712	<i>Thelazia callipaeda</i> , a human case	851
<i>Pseudomonas aeruginosa</i> , <i>exoU</i> and <i>exoS</i> distribution	116	tick infestation, aural	857
<i>Pseudomonas aeruginosa</i> , class 1 integrons	376	<i>Toxoplasma gondii</i> , expression of GRA2	10
<i>Pseudomonas aeruginosa</i> , genomic island PAP-1	431	toxoplasmosis, slaughtered beef cattle	1087
<i>Pythium insidiosum</i> , activity of volatile organic compounds of <i>M. crispans</i>	1474	<i>Trichinella spiralis</i> , serine protease inhibitor	1094
		trichinosis, swine, immunodiagnosis	1094
reproductive health, parental support	997	tuberculosis, clinical characteristics and treatment outcomes	1426
Rhesus blood groups, frequency among neonates	467	tuberculosis, drug resistant, HIV high risk patients	354
ribavin, effects on <i>Aedes aegypti</i> (L.)	1358	tuberculosis, genitourinary, tertiary care center	364
risk factor, noncommunicable	1227	typhoid fever, abdominal ultrasonographic findings	423
rotavirus, human, group A genotype	904		
Russell's viper bite, thalamic infarction	1201	<i>Vibrio cholerae</i> O1, molecular analysis	1437
		<i>Wolbachia</i> , <i>B. malayi</i> endosymbiont	841
Saffold virus-Penang, genetic analysis	917		
<i>Salmonella</i> , non-typhoidal, ultrasonographic findings	423		
<i>Salmonella</i> spp, molecular characterization	718
