

THE SOUTHEAST ASIAN JOURNAL OF TROPICAL MEDICINE AND PUBLIC HEALTH

Volume 45

Number 1

January 2014

CONTENTS

Page

Synergism of antimalarial antibiotics with hydrogen peroxide in inhibiting <i>Plasmodium falciparum</i> growth in culture	S Utaida, S Auparakkitanon, P Wilairat	1
Research note. Prevalence and species identification of <i>Cryptosporidium</i> from fecal samples of horses in Taiwan	P-F Guo, TT-W Chen, JC Tsaihong, G Ho, P Cheng, Y Tseng, S Peng	6
Animal reservoirs and potential vectors of <i>Leishmania siamensis</i> in southern Thailand	S Chusri, S Thammapalo, K Silpapojakul, P Siriyasatien	13
Comparison of the miracidium hatching test and modified Kato-Katz method for detecting <i>Schistosoma japonicum</i> in low prevalence areas of China	H Zhu, J Xu, R Zhu, C Cao, Z Bao, Q Yu, L Zhang, X Xu, Z Feng, J Guo	20
Research note. Human consumption of rumen flukes of cattle in India	PC Sarmah, R Laha, K Bhattacharjee, A Goswami, M Raquib, P Kakati	26
Gastrointestinal parasites of dogs and cats in a refuge in Nakhon Nayok, Thailand	W Rojekittikhun, K Chaisiri, A Mahittikorn, S Pubampen, S Sa-nguankiat, T Kusolsuk, W Maipanich, R Udonsom, H Mori	31
Factors influencing the feeding response of laboratory-reared <i>Aedes aegypti</i>	S Phasomkusolsil, K Pantuwatana, J Tawong, W Khongtak, N Monkanna, Y Kertmanee, N Damdangdee, PW McCardle, AL Schuster	40
Application of quantitative PCR for quantization of dengue virus genome	A Suttitheptumrong, S Pattanakitsakul	47
Characterization of dengue virus serotype 4 infection in Jakarta, Indonesia	BE Dewi, L Naiggolan, DH Putri, N Rachmayanti, S Albar, NT Indriastuti, W Sjamsuridzal, TM Sudiro	53
Screening for lead compounds and herbal extracts with potential anti-influenza viral activity	K Klaywong, G Khutrakul, K Choowongkomon, C Lekcharoensuk, N Petcharat, P Leckcharoensuk, P Ramasoota	62
Clinical characteristics and hospital charges among Thai children hospitalized with influenza	W Punpanich, P Chirapanyanon, S Srisarang	75
Comparison of clinical and laboratory findings between those with pulmonary tuberculosis and those with nontuberculous mycobacterial lung disease	V Thanachartwet, V Desakorn, D Duangrithi, P Chunpongthong, K Phojanamongkolkij, P Jitruckthai, Y Kasetjaroen, P Pitisuttithum	85
Spatial and temporal variations in tuberculosis incidence, Nepal	S Kakchapati, C Choonpradub, A Lim	95
Molecular analysis of <i>Vibrio vulnificus</i> isolated from cockles and patients in Thailand	W Mala, C Chomvarin, M Alam, SM Rashed, K Faksri, S Angkititrakul	103

The determination of carbapenem resistance in <i>Escherichia coli</i> and <i>Klebsiella pneumoniae</i> isolates related to nosocomial infections and the evaluation of risk factors	113
..... S Budak, O Oncul, Z Aktas, A Acar, M Ozyurt, V Turhan, Erdem H, Gorenek L	
Detection and spread of OXA-48-producing <i>Klebsiella oxytoca</i> isolates in Istanbul, Turkey	123
..... H Nazik, S Aydin, R Albayrak, EA Bilgi, I Yildiz, N Kuvat, FM Kelesoglu, N Pakastiçali, F Yilmaz, Betigül Öngen	
ELISA for brucellosis detection based on three <i>Brucella</i> recombinant proteins	130
..... P Thepsuriyanont, A Intarapuk, P Chanket, W Tunyong, T Kalambaheti	
Case report. <i>Arcanobacterium pyogenes</i> endocarditis: a case report and literature review	142
..... S Chesdachai, N Larbcharoensub, T Chansoon, P Charlertsanyakorn, P Santanirand, D Chotiprasitsakul, D Ratanakorn, S Boonbaichaiyapruk	
Distribution among Thai children of methicillin-resistant <i>Staphylococcus aureus</i> lacking <i>cna</i> , <i>fnbA</i> and <i>icaAD</i>	149
..... U Tangchaisuriya, W Yotpanya, T Kitti, S Sitthisak	
Clinical history and hematological findings among canines with monocytic ehrlichiosis	157
..... W Moonarmart, S Sungpradit, T Rawangchue, K Suphaphiphat, S Suksusieng, C Jirapattharasate	
Evaluation of nested PCR technique for detection of <i>Pythium insidiosum</i> in pathological specimens from patients with suspected fungal keratitis	167
..... P Kosrirukvongs, A Chairprasert, M Uiprasertkul, M Chongcharoen, R Banyong, T Krajaejun, W Wanachiwanawin	
New mathematical formula for differentiating thalassemia trait and iron deficiency anemia in thalassemia prevalent area: a study in healthy school-age children	174
..... N Sirachainan, P Iamsirirak, P Charoenkwan, P Kadegasem, P Wongwerawattanakoon, W Sasanakul, N Chansatitporn, A Chuansumrit	
Research note. A 65 bp deletion in band 3 gene of β -thalassemia patients in Indonesia ...	183
..... AM Dewajanthi, VK Lubis, SI Wanandi, D Gatot, RR Soegianto, SKU Freisleben, I Wahidiyat, H-J Freisleben	
Research note. Prevalence and molecular characterization of glucose-6-phosphate dehydrogenase deficiency in northern Thailand	187
..... P Charoenkwan, W Tantiprabha, S Sirichotiyakul, A Phusua, T Sanguansermsri	
Research note. Red cell alloantibodies in Lao blood donors	194
..... C Keokhamphoui, Y Urwijitaroon, D Kongphaly, T Thammavong	
Environmental exposures, lung function, and respiratory health in rural Lao PDR	198
..... JR Lopez, K Somsamouth, B Mounivong, R Sinclair, S Soret, S Knutsen, PN Singh	
Case report. Round pneumonia in an adult	207
..... Y Zhang, Y-S Yu, Z-H Tang, X-H Chen, G-Q Zang	
Effects of <i>PCSK1</i> genetic variants on obesity among Thai children and their family members: in relation to health risk, and biochemical and anthropometric parameters	214
..... S Kulanuwat, B Phonrat, A Tungtrongchitr, C Limwongse, N Chongviriyaphan, R Tungtrongchitr, J Santiprabhob	
Metabolic syndrome components and prevalence of cardiovascular disease among type 2 diabetic patients in Malaysia	226
..... MC Tan, TW Wong, OC Ng, A Joseph, AR Hejar	
Dental status and its impact on the quality of life of elderly in Phon Sawan, Nakhon Phanom Province	236
..... Y Ngoenwiwatkul, S Chatrchaiwiwatana, K Chairprakarn
