

SUBJECT INDEX

<i>Acanthamoeba castellani</i>	246	cryptococcal meningitis, treatment	636
<i>Acinetobacter baumannii</i> , carbapenemase genes identification	874	outcomes in HIV patients	
Acute undifferentiated fever	719	cryptococcosis, disseminated	647
adenovirus, co-infection with novovirus and torteno virus	1326	<i>Cryptococcus neoformans</i> , in SLE patient	352
<i>Aedes aegypti</i> , factors influencing the feeding	40	<i>Cryptosporidium</i> , prevalence in horse feces	6
<i>Aedes aegypti</i> , range prediction using GARP	290	<i>Cryptosporidium</i> , HIV/AIDS patients	783
<i>Aedes aegypti</i> , larvicidal activity of <i>P. bleo</i> fruit endocarp extract	1279	<i>Culex quinquefasciatus</i> , bioefficacy of LLIN	589
<i>Aedes</i> , pupal productivity	1279	cysticercosis, sellar	584
air quality, hospital laboratory design	746	dengue viral infection, antioxidants activities	1015
ambulance personnel, occupational risk	940	dengue virus, characterization of serotype infection	53
anemia, hill-tribe schoolchildren	920	dengue, adult and pediatric patients	337
anemia, iron deficiency	174	densovirus genome, PCR for quantization	47
anogenital warts, male patients	1337	dental status, impact on the quality of life	236
<i>Anopheles maculatus</i> Theobald, bioefficacy of LLIN	598	diphtheria, outbreak in Thailand	1132
antibiotic use, KAP among the general public in Malaysia	1474	echinostomes, genetic characterization	1003
antiplasmodial compounds, discovery and development	761	<i>Ehrlichia canis</i> , detection by real-time FRET PCR	1149
Antiplasmodial <i>N</i> -alkyl and <i>N</i> -benzyl-1, 10-phenanthroline derivative, toxicity tests	531	ehrlichiosis, manocytic	157
<i>Arcanobacterium pyogenes</i> endocarditis	142	elderly, energy and macronutrient intake	949
<i>Ascaris lumbricoides</i> , detection by triplex polymerase chain reaction	267	empyema thoracis, bacterial etiology	442
		endomyocardial fibrosis, cardiac MRI diagnostic value	1142
Bancroftian filariasis, immuno-epidemiology	547	endothelial dysfunction, hemoglobin E/ β -thalassemia patients	1454
Blow fly maggots	1011	enterococci, molecular characterization	700
brucellosis, case report in a child	890	<i>Escherichia coli</i> 0157, <i>stx</i> -negative strain	881
Brucellosis, detection by ELISA	130	<i>Escherichia coli</i> 0169:HUT, enterotoxigenic	1376
<i>Brugia malayi</i> , the Korean Hyrcanus Group susceptibility	588	<i>Escherichia coli</i> , carbapenam resistance	113
<i>Burkholderia pseudomallei</i> , antimicrobial susceptibility patterns	680	<i>Escherichia coli</i> , quantification in raw meat	1385
<i>Burkholderia pseudomallei</i> , in SLE patient	352	exercise facility proximity related	1483
<i>Burkholderia pseudomallei</i> , lytic capability of bacteriophage	1344	filariasis, lymphatic, prevalence in a western Nepal community	1243
<i>Burkholderia pseudomallei</i> , stress adaptation and survival rate	346	fluoride vanishes, different calcium phosphate sources	1515
<i>Burkholderia psuedomallei</i> , biofilm formation regulator	1065	fluoride vanishes, effect on remineralization	499
community pharmacy practices	1196	glucose-6-phosphate dehydrogenase deficiency	187
coronaviruses, genetic characterization	326	<i>Gnatostoma spinigerum</i> , diagnosis by a dot-ELISA test	990
<i>Coxiella burnetii</i> , seroepidemiologic survey in cattle, chicken and ticks	1167	gnathostomiasis, SAH due to vascular causes	984
		guppies, predators of common mosquito larvae	299

SUBJECT INDEX

haze clinic, community-led volunteer	1448	MMR vaccination, thrombocytopenia induction	1053
healthcare utilization, influencing factors	725	mosquito densovirus, analysis by post-PCR methods	801
hemoglobin E/b-thalassemia, endothelial dysfunction	1454	mosquitoes, rubber plantation	796
hemophilia, prevalence in China	455	Myanmar laborer, multiple health risks	926
hepatitis B, chronic correlation of HBsAg with PIIINP	630	<i>Mycobacterium tuberculosis</i> , classification of lineages	365
HIV infected patients, drug interactions	1023	<i>Mycobacterium tuberculosis</i> , evaluation of a test kit	357
HIV knowledge, risk behavior association	1425	<i>Mycobacterium tuberculosis</i> , INH resistant	1167
HIV/AIDS patients, quality of life	834	<i>Mycobacterium tuberculosis</i> , rifampicin-resistant, mutation detection	843
injection drug users, inconsistent condom use	906	<i>Mycobacterium tuberculosis</i> , <i>sir</i> characterization	689
influenza A(H1N1), KAP	825	<i>Naegleria fowleri</i> trophozoites, effect of synthetic antimicrobial peptides	537
Influenza B infection, risk factors for hospitalization	622	<i>Necator americanus</i> , detection by triplex polymerase chain reaction	267
Influenza virus, surveillance in China	319	norovirus, co-infection with adenovirus and torque teno vines	1320
influenza-like illnesses and seasonal influenza, clinical features and outcomes	1316	Obesity, effects of <i>PCSK1</i> genetic variants	214
Influenza, clinical characteristics and hospital charges	75	<i>Ochlerotatus togoi</i> , midgut ultrastructure of fourth instar	1301
Influenza, herbal extracts with potential anti-viral activity	62	<i>Opisthorchis virerrini</i> , cytogenous glands of cercariae	276
Job content questionnaire, reliability and validity	481	<i>Opisthorchis viverini</i> , rat diacylglycerol kinase	997
<i>Klebsiella oxytoca</i> , OXA-48 producing	123	Oral health, impaired-hearing collage students	1228
<i>Klebsiella pneumoniae</i> , carbapenem resistance	113	<i>Orientia tsutsugamushi</i> , canine	395
<i>Klebsiella pneumoniae</i> , gas-forming urinary tract infection	1099	parainfluenza virus, infection in children	610
lead, elevated blood level, risk factors	1492	parapneumonic pleural effusion, bacterial etiology	442
<i>Leishmania siamensis</i> , animal reservoirs	13	parasites, gastrointestinal, in dogs and cats	31
<i>Leptospira interrogans</i> , recombinant flagellin B protein characterization	1080	parasites, intestinal antioxidant enzyme activity	1252
linezolid, treatment of NTM with IFN- γ antibody	1125	<i>Pereskia bleo</i> , larvicidal activity	1292
listeriosis, unusual presentation	391	physical inactivity, proximity associated	467,1483
lung function, rural Lao PDR	198	<i>Plasmodium falciparum</i> gene expression	259
malaria, prevalence in a western Nepal community	1243	<i>Plasmodium falciparum</i> infection, monocyte to neutrophil ratio	517
mebendazole, effect on cholangiocarcinoma growth	1264	<i>Plasmodium falciparum</i> , growth inhibition in culture	1
men having sex with men, blood-borne pathogens	1032	<i>Plasmodium falciparum</i> , lymphocyte subsets in patient liver tissue	973
metabolic syndrome components	226	pneumonia, round, in adult	207
metabolic syndrome, effects of physical activity	1202		

<i>Pythium insidiosum</i> , detection by nested PCR	167	teeth surface microhardness, effect of xylitol and fluoride in vanish	505
quality of life, relationship with active information exchange	956	thalassemia trait, differentiation by mathematical formula	174
rabies infected cat, brain proteome profiling	808	thalassemia, β -, a 65BP deletion in band 3 gene	183
rabies vaccination, cost analysis	1048	tick-borne pathogens, detection in domestic dogs	1157
<i>Rattus norvegicus</i> , Seoul hantavirus harboring	1058	tooth agenesis, patterns among children	490
respirators, N95, practices of nurses	1221	torque teno virus, co-infection in patients with gastroenteritis	1326
rodent, factors associated with consumption	1209	<i>Trichosporon</i> species, bloodstream infection	421
Rotavirus, infection in children and adults	816	<i>Trichuris trichiura</i> , detection by triplex polymerase reaction	267
rumen flukes, human consumption of	26	tuberculosis, pulmonary and oropharyngeal	869
red cell alloantibodies	1946	tuberculosis patients, AFB grade, chest radiograph and T-cell responses	1410
Salmonella serovars, rapid identification	654	tuberculosis treatment, non-adherence	859
<i>Salmonella</i> , isolation from poultry slaughterhouses	1392	tuberculosis, intramuscular, fatal lymphoma	1119
<i>Salmonella</i> , outbreak in a hospital ward	383	tuberculosis, poor treatment outcomes	853
<i>Schistosoma japonicum</i> , comparison of detecting methods	20	tuberculosis, pulmonary, and NTB comparison	85
<i>Schistosoma japonicum</i> , rapid detection of antibodies	568	tuberculosis, spatial and temporal variations	95
sexual intercourse, attitudes and behavior	1437	tuberculous cervical lymphadenopathy	1419
smoking, risk of venous thromboembolism	736	tuberculous meningitis, factors predictive of outcomes	1114
soil-transmitted helminthiasis, prevalence in western Nepal community	1243	uropathogens, antimicrobial susceptibility	1090
soil-transmitted helminthiasis, school-based control	556	<i>Vibrio cholera</i> , in water samples	375
speech therapy model, community based	1182	<i>Vibrio cholerae</i> non-O1/non-O139, genotypes and drug resistance	1354
<i>Spirometra erinaceieuropaei</i> sparganum, antigens identification	576	<i>Vibrio cholerae</i> non-O1/non-O139, role of <i>hlyA</i> on apoptosis and cytotoxicity	1365
<i>Spirometra erinaceieuropaei</i> , infection in snakes and frogs	1271	<i>Vibrio parahaemolyticus</i> , occurrence in raw oysters	662
<i>Staphylococcus aureus</i> , community-acquired methicillin resistant	1401	<i>Vibrio vulnificus</i> , molecular analysis	103
<i>Staphylococcus aureus</i> , methicillin resistant	149	<i>Vibrio vulnificus</i> , occurrence in raw oysters	662
<i>Staphylococcus aureus</i> , methicillin resistant, distribution at an animal hospital	413	viral coinfection, patients with acute gastroenteritis	1326
<i>Staphylococcus aureus</i> , methicillin resistant in healthy carriers and patients	402	vision care system, rural China	1464
<i>Staphylococcus aureus</i> , methicillin-resistant, healthcare-associated infections	897	<i>Wolbachia</i> supergroups A and B	309
<i>Streptococcus suis</i> , serotypes 2, 7, 8 and 9 identification	1173	<i>Yersinia enterocolytica</i> , detection by rapid loop-mediated	670
syphilis, maternal and congenital	430		
syphilis, routine screening among HIV patients	435
