

SUBJECT INDEX

<i>Acinetobacter baumannii</i> , co-carbapene- mase genes	1001	<i>Burkholderia pseudomallei</i> , an imported case	219
ADIPOQ polymorphism, Thai with pre- diabetes	1306	<i>Burkholderia pseudomallei</i> , post-flood soil detection	951
Adiposity, school children, environmental factors association	1315	Caries prevalence, body mass index and nutrition association	152
<i>Aedes (Finlaya) poicilius</i> , investigation on Panay Island	912	CD4 lymphocytopenia	503
<i>Aedes (Stegomyia) albopictus</i> (Skuse), effect of sugar concentration of female	1160	Chicken anemia virus, detection in children with gastroenteritis	416
<i>Aedes aegypti</i> (L.), response to its semi- chemicals	691	Chronic disease patients, tobacco and alcohol use	536
<i>Aedes aegypti</i> (L.), effects of Malaysian seaweeds	719	Cladophialophora brain abscess, renal transplant recipient	1026
<i>Aedes aegypti</i> (L.), skip oviposition behavior	680	<i>Clostridium difficile</i> , diarrheal patients	1221
<i>Aedes aegypti</i> larvae, neem oil efficacy	410	<i>Culex quinquefasciatus</i> Say	747
<i>Aedes albopictus</i> (Skuse), effect of temperature on the immature	731	<i>Culex sitiens</i> Wiedemann	747
<i>Aedes albopictus</i> (Skuse), effects of Malaysian seaweeds	719	<i>Demodex</i> ectoparasites, prevalence among humans	207
<i>Aedes</i> dengue vector ovitrap surveillance system	712	dengue infection, cost burden assessing	1167
<i>Aedes</i> mosquitoes, MLT as surveillance and control tool	701	dental fluorosis, severity and associated factors among children	1105
anemia, Myanmar lactating mothers	1298	dental students, burnout and occupational participation	1343
<i>Angiostrongylus cantonensis</i> , phylogeny	377	dental students, personality traits and stress	1353
Anopheline, adult bionomics	341	depression, associated factors among school students	131
Antibiotic Options Index	1288	eating behavior, children	1325
Appendectomy patients, medical cost, comparison of two systems	1055	Ebola, knowledge of medical students	424
<i>Artocarpus lakoocha</i> , schistosomicidal activity	1	elderly health promotion program	1042
<i>Ascaris lumbricoides</i> , risk factors among preschool children	1143	electronic medical records, user perceptions	799
Automated Parasite Detection System, field malaria diagnosis	600	<i>Enterococcus</i> vancomycin resistant, hospital outbreak	494
β -thalassemia/HB E disease	84	epididymo-orchitis, brucella caused	450
bacteremia, predictors among children with pneumonia	994	<i>Escherichia coli</i> O157, beef strains	55
betel nut chewing, prevalence and influencing factors	1089	<i>Escherichia coli</i> , β -lactamase producing	227
<i>Borrelia burgdorferi</i>	71	<i>Escherichia coli</i> , human and animal diarrheagenic	40
bovine teeth, enamel microhardness	328	<i>Escherichia coli</i> , Shiga toxin producing	1008
<i>Brucella</i> , multilocus sequence typing	1270	female medical student, health awareness	121

filarial infection, molecular		leptospirosis, nurse capability on the	
xenomonitoring in mosquitoes	617	prevention and control	787
fluoride content, bottled drinking water	1112	leptospirosis, post-flooding surveillance	774
fluoride content, soy milk products	160		
fluoride release, calcium phosphate		malaria epidemiology	341
fluoride varnishes	1098	melioidosis, hepatosplenic abscess	223
formula-fed infants, complementary		men who have sex with men, sexual practice	514
feeding starting	506	metabolic syndrome, its components	263
<i>Francisella</i> -like endosymbiont, chicken's tick	245	methadone maintenance treatment	
		programs	287
GeneXpert MTB/RIF	457	microsporidiosis, asymptomatic, aboriginal	
		school children	441
health workforces in Lao PDR, distribution	868		
<i>Helicobacter pylori</i> , virulence-associated		<i>Nocardia beijingensis</i> brain abscess,	
genes detection	1246	HIV patient	1020
hemoglobin Lansing-Ramathibody, first		Noncommunicable disease, interrupted	
identification	1048	time series analysis	810
Henoch-Schölein purpura nephritis	945	Norovirus genogroup II, detection in	
hepatitis B and C virus risk factors,		children with gastroenteritis	416
hemodialysis patients	927	Norovirus genogroup II, detection in	
hepatitis B virus, mother-to-child		children	23
transmission rate	214	Nosocomial bloodstream infection,	
hepatitis C infection, attitude of		children in an Indonesian hospital	983
health care workers	935	nutritional status, older Han women	92
herpes zoster, knowledge among Thai			
patients	1183	Obesity, associated factors, ASEAN	
household food insecurity	844	students	250
		Occupational health and safety	833
Indian Rojak, microbiological safety		Older adult, hypertensive	109
assessment	1231	<i>Opisthorchis viverrini</i> , evaluation of a	
infant feeding bottle, material and		commercial kit	890
cleaning procedures	142	<i>Opisthorchis viverrini</i> , infection among	
intestinal parasites, humans and domestic		cats and dogs	1153
animals	901	Overweight, associated factors, ASEAN	
intestinal parasites, survey of house rat	194	students	250
intestinal protozoa among children	1123		
iodine, urinary excretion in children	101	paragonimiasis control, integration with	
		tuberculosis control	625
Japanese encephalitis, laboratory data	759	pediatric urinary tract infection	976
		people with physical disability	541
<i>Legionella pneumophila</i> serogroups, water		pharmacist, provided service in self	
system isolation	467	medication practices	1379
leishmaniasis, role of immigrant workers		Philippine Plan of Action for Nutrition,	
and the vector	607	assessment	852
<i>Leptocimex inordinatus</i> , bat ectoparasite	16	<i>Plasmodium falciparum</i> , effect of antibodies	
<i>Leptospira</i> , prevalent serovars infecting		to rosette formation	581
some animals	766	<i>Plasmodium falciparum</i> , influence on	
leptospirosis, incidence and mortality	434	<i>in vitro</i> sensitivity	366

SUBJECT INDEX

<i>Plasmodium knowlesi</i> , evidence in an Orang Asli community	591	<i>Staphylococcus aureus</i> , methicillin resistance	66
<i>Plasmodium vivax</i> sporozoites, viability and infectivity	171	<i>Staphylococcus aureus</i> , methicillin resistant, tertiary hospital	234
<i>Plasmodium vivax</i> , putative antimalarial-resistant in vector	182	<i>Staphylococcus aureus</i> , small colony variants	475
<i>Plasmodium vivax</i> , red blood cell DARC	885	<i>Streptococcus pneumoniae</i> , nasopharyngeal carriage	485
PM10 and PM25, ambient concentrations	527	suicidal ideation, rural Vietnamese adolescents	1366
pneumoconioses and other asbestos-related diseases	822	syphilis, prevalence among older adults in China	1192
pregnant women, antenatal clinic attending	1032	<i>Taenia saginata</i> -like parasite, Thai toddler	1385
pulmonary tuberculosis, test for smear negative	457	<i>Taenia saginata</i> , infection in a toddler	394
<i>Salmonella enterica</i> , food animals	1257	thalassemia screening, pilot program in a country with limited resources	1040
<i>Salmonella enterica</i> , from pork, chicken and lettuce	31	thalassemia, cardiac iron overload and cardiovascular complications	1335
<i>Salmonella</i> septic bursitis, HIV infected patient	1177	<i>Toxoplasma gondii</i> , genetic characterization of GRA6 and SAG3	1134
<i>Salmonella</i> , risk in a Laotian suburban region	970	transport accident mortality	318
<i>Schistosoma japonicum</i> , mitochondrial gene sequence	387	trematode cercariae, 28S ribosomal gene	199
schistosomiasis, assessment in endemic areas	638	trematode larvae, snail and fish intermediate hosts	399
schistosomiasis, challenges and control successes	651	tuberculosis, latent infection among health-care workers	1198
SEAMEO TROPMED Malaysia	565	tuberculosis, relationship with female hormone	78
SEAMEO TROPMED Philippines	570	tuberculosis, treatment outcomes among diabetic patients	1209
SEAMEO TROPMED Thailand	575	<i>Vibrio alginolyticus</i> , infected wound following use of cucumber oil	967
selenium, cardiovascular diseases association	299	<i>Vibrio cholerae</i> , multidrug-resistant genes	957
smoking, prevalence and trends	309	vitamin D status, Thai children	277
soil-transmitted helminthiasis, integrated control program	667	WU polyomavirus, detection in children	23
