

## SUBJECT INDEX

	Page		Page
Acanthocephala from Malaysian water fowl	143	<i>Brugia pahangi</i> , transplacental transmission	416
Acquired prothrombin complex deficiency syndrome	367	Cell-mediated immune response in amoebiasis	55
Acute rheumatic fever	28	Chloramphenicol resistant strains in salmonellosis	539
<i>Aedes albopictus</i> and <i>Aedes aegypti</i> , larva holding water	417	Cholera, antibody response in patients	446
<i>Aedes togoi</i> , Liverpool and Malaysian strains	566	Cholera, pathological changes in intestines	262
Alphaviruses in Peninsular Malaysia	14	Cholinesterase activity in patients with malaria	498
Amoebiasis, cell-mediated immune response	55	<i>Chrysomya bezziana</i> causing urogenital myiasis	405
Amoebiasis, purification of antigen	378	Concanavalin A, lymphocyte response in <i>S. japonicum</i> infection	313
Ancylol on <i>Gnathostoma spinigerum</i> migrating stage	359	Coxsackievirus A24 conjunctivitis	24
<i>Ancylostoma caninum</i> larva penetration of skin	212	<i>Cysticercus racemosus</i> in the fourth ventricle	532
Animal filarial antigens in serological test for filariasis	461	DDT selection of <i>Anopheles culicifacies</i> from Pakistan	113
Anisakid larvae in marine fish in Penang	493	Dengue hemorrhagic fever, endothelial cell studies	194
<i>Anopheles balabacensis</i> , glucose phosphate isomerase polymorphism	423	Dengue hemorrhagic fever in Malaysia	1
Anopheline mosquitoes, insecticide resistance status	332	Dermal myiasis in man caused by <i>Sarcophaga krameri</i>	140
<i>Argas robertsi</i> in Indonesia	421	<i>Dipetalonema digitatum</i> infection in leaf monkey	141
<i>Armigeres</i> mosquitoes, phosphoglucosmutase polymorphism	424	Diphtheria, serological survey	371
Ascariasis, treatment with flubendazole	363	Dragonfly nymphs in control of <i>Aedes aegypti</i>	104
<i>Ascaris lumbricoides</i> infection treatment	363	Drug sensitivity of <i>P. falciparum</i> from Papua New Guinea	435
Bancroftian filariasis in West Flores	399	<i>Dunnifilaria ramachandrani</i> , acid phosphatase staining	422
B/Hong Kong/5/72- like influenza virus in Taipei	429	Electron microscopic study of vascular endothelial cell in DHF	194
<i>Bithynia siamensis siamensis</i> , bionomics	355	Endothelial cell in dengue hemorrhagic fever	194
<i>Bithynia</i> snail culture media	420	Enterotoxigenic <i>Escherichia coli</i> in patients with diarrhoea	572
Blood parasites in the Torro Valley, Sulawesi	468		
Blood parasites of man on Alor Island, Indonesia	43		
Broad spectrum anthelmintics against helminthiasis	502		
<i>Brugia malayi</i> and streptococcus in cats	32		
			603

	Page		Page
Epidemiology of malaria in Irian Jaya, Indonesia	341	Immunity status of Burmese to diphtheria	371
<i>Fascioloides magna</i>	425	Immunoproliferative disease of the gastrointestinal tract	547
Ferritin concentrations in Malaysian blood donors	87	Insecticide susceptibility tests in Java	108
Filarial infections in mosquitoes	328	Intestinal capillariasis from Maha Sarakham, Thailand	496
Filariasis, bancroftian, vector studies	399	Intestinal hemorrhage in hookworm infection	269
Filariasis survey in East Kalimantan	451	Intestinal parasites in Karakuak, West Flores	324
Flavivirus antibodies, microneutralization test	189	Intestinal parasites in the Torro Valley	468
Fleas, insecticide tests in plague endemic area, Java	108	Intestinal parasites of man on Alor Island	43
Folic acid binding protein and low folate levels	413	Intra-uterine infections, serological studies	387
Folic acid supplementation on folate Vit. B <sub>12</sub>	81	Japanese encephalitis virus from the Philippines	507
Flubendazole in hookworm infection	363	Japanese encephalitis virus surveillance in Taipei	177
Genetics of <i>A. leucosphyrus</i> complex	425	Lead poisoning in a betel nut chewing patient	149
Genital herpesvirus infection in Thai women	126	<i>Leucochloridium dasylophi</i> in water fowl	145
Giardiasis, vitamin A concentration	245	Liverpool and Malaysian strains of <i>Aedes togoi</i>	566
G-6-PD variants in Thai Chinese	250	Lymphocyte response to concanavalin A	313
Health hazards in Water Resources development	559	Malaria, cholinesterase activity studies	498
Helminth parasites of <i>Tragulus javanicus</i>	418	Malaria, epidemiological studies in Irian Jaya	341
Hemolysin antibodies in cholera	294	Malaria, treatment with sulfadoxine-pyrimethamine	524
Hepatic iron status in Malaysians and Singaporeans	131	Maternal carrier rates of pathogens	40
Hepatitis A virus antibody in Thai infants	415	Mebendazole for treatment of intestinal parasites	324
Hepatitis B, vertical transmission	582	Mesostigmatid mites from rodents in Rangoon	348
Herpesvirus infection in Thai women	126	Mesostigmatid mites on <i>Rattus</i> sp. in Rangoon	227
Hookworm infection, hemorrhage	269	Metronidazole, for treatment of giardiasis	280
Hookworm infection, treatment with flubendazole	363	Mites from ootheca of <i>Periphanetta americana</i>	416
Hoplopleurid lice of commensal mammals	240	Myiasis caused by <i>Chrysomya bezziana</i>	405
Human alphavirus infection	14	Native alcoholic drugs in APCD syndrome	367
Human parasitoses in Bali, Indonesia	319		
Hydrobiid snail, host for schistosomes	146		
Hymenopteran parasitoids to control synanthropic flies	139		
Immunity in cholera vaccinated subjects	58		

SUBJECT INDEX

	Page		Page
<i>Necator americanus</i> , transmammary transmission	535	<i>Salmonella</i> surveillance in Guam	48
News from SEAMEO-TROPED Project	150,308,588	<i>Salmonella typhi</i> identification by coagglutination	302
<i>Oncomelania hupensis</i> susceptibility to <i>S.japonicum</i>	374	<i>Salmonella typhi</i> susceptibility to microbial agents	256
Opisthorchiasis, treatment with praziquantel	528	Sandiford's counterstain in detection of Gram-negative bacteria	267
<i>Opisthorchis viverrini</i> transmission and <i>Bithynia</i> bionomics	355	<i>Sarcocystis fusiformis</i> , scanning electron microscopy	205
Ornidazole in the treatment of giardiasis	280	<i>Sarcophaga krameri</i> cause of dermal myiasis	140
Oxantel-pyrantel pamoate for soil-transmitted helminths	384	<i>Schistosomia incognitum</i> and <i>S. spindale</i> in rodents	144
Papulonecrotic tuberculid in childhood	395	Schistosomiasis control project in Lindu Valley	480
Paragonimiasis, pulmonary, in Mindanao, Philippines	67	Schistosomiasis free on Camiguin Island, Philippines	137
Parasites of man in Northern Bohol	473	Scanning electron microscopy of <i>Sarcocystis fusiformis</i>	205
Parasites of man on Alor Island, Indonesia	43	Scrub typhus survey in Tanjung priok, Jakarta	232
<i>Plasmodium falciparum</i> strains from Papua New Guinea	435	Scrub typhus survey of Biok and Owi Islands	220
<i>Platynosomum proxilliciens</i> in Malaysian crows	148	Serological studies of intra-uterine infections	387
Praziquantel in the treatment of opisthorchiasis	528	Small mammals study in Ciloto area, Java	71
Primaquine effect on <i>Plasmodium falciparum</i>	408	Soil-transmitted helminthiasis, treatment	384
Protective immunity in cholera vaccinated subjects	58	Sulfalene-pyrimethamine in treatment of malaria	524
Pulmonary artery obstruction in thalassaemia	516	<i>Suncus murinus</i> associated with mesostigmatid mites	487
Pulmonary paragonimiasis in Mindanao, Philippines	67	<i>Tanaisia fedtschenkoi</i> from <i>Gallus gallus</i>	423
Pyrimethamine sulfadoxine in malaria	524	Tetanus, active immunization study	543
Quinacrine for treatment of giardiasis	280	Thalassaemias and HbE in Vietnamese	142
Rabies, pre-exposure prophylaxis	273	Thalassaemia and pulmonary artery obstruction	516
<i>Rattus</i> species and mesostigmatid mites	227	Tinidazole in treatment of giardiasis	280
Riboflavin in iron supplementation	91	Togovirus infection in rural Thailand	184
Rodent and scrub typhus survey in Jakarta	232	<i>Toxoplasma</i> antibodies in Obano, Irian Jaya	276
Russell's viper and green pit viper bites	285	<i>Toxoplasma gondii</i> antibodies in Malaysians	119
<i>Salmonella</i> C <sub>1</sub> , D and V <sub>1</sub> antigens, detection by coagglutination	441	<i>Tragulus javanicus</i> , helminth parasites	418
