

SUBJECT INDEX

	Page		Page
Acceptance and innovations	496	Cholangiocarcinoma, liver fluke and diet	261
Adriamycin in hepatocellular carcinoma	264	Chronic hepatitis B, circumscribed necrosis	239
Amoebiasis in Southeast Asia	257	Circumsporozoite proteins of <i>P. falciparum</i>	13
Amoebic liver abscess at Cipto-Mangunkusomo Hospital	259	Clonorchiasis in Korea	255
Amoebia liver abscess, experimental studies	258	<i>Clonorchis sinensis</i> , efficacy of Distocide	251
Amoebic liver abscess, management	258	<i>C. sinensis</i> in <i>Parafossarulus manchouricus</i>	266
Amoxycillin in chronic bronchitis	272	Community participation in malaria control	371
<i>Ampullarius canaliculatus</i> , infection with <i>Angiostrongylus cantonensis</i>	595	Cost-effectiveness research in malaria control	393
<i>Angiostrongylus cantonensis</i> infection in <i>Ampullarius canaliculatus</i>	595	Counterimmunoelectrophoresis in human cysticercosis	537
Antimalarials, <i>in vitro</i> assay	515	Culture, environment factors in malaria control	360
Antirabies virus IgM in serum, CSF of rabid dogs	550	Cysticercosis, serodiagnosis	537
Aortitis, <i>Salmonella</i> , in Bangkok	28	Cytomegalovirus infection, survey in Penang	168
<i>Aponomma lucasi</i> , cannibalism	147	Decamethrin against <i>Ma. uniformis</i>	141
Artemether in falciparum and vivax malaria	19	Delta hepatitis in Malaysia	229
Ascariasis among children in Malaysia	276	Dengue haemorrhagic fever, endotoxin	8
Asiatic schistosomes, biochemical differentiation	247	Dengue haemorrhagic fever, hemostatic derangement	138
Bacterial diarrhoea, recent advances	627	DDT against <i>Mansonia uniformis</i>	141
Blood value changes in flavivirus-inoculated monkeys	1	Diarrhoea, <i>Campylobacter jejuni</i> in children	53
<i>Brugia malayi</i> , non periodic form in Kalimantan	148	Diarrhoea in rural community	59
<i>B. malayi</i> , susceptibility in <i>Mansonia</i> spp.	144	Diarrhoea, measles associated in Thailand	43
<i>B. pahangi</i> , susceptibility in <i>Mansonia</i> spp.	144	<i>Dirofilaria immitis</i> survey in Northern Thailand	146
<i>Campylobacter jejuni</i> in children	53	<i>Dirofilaria</i> infection in breast of a woman	165
Cardiotoxic plant, ingestion, mortality	601	Distocide in <i>Clonorchis sinensis</i> infection	251
Catalase activity in red cell, liver, <i>P. berghei</i>	48	DNA, hepatitis B virus detection	240
Ceftriaxone treatment in typhoid fever	119	Doxifluridine in hepatocellular carcinoma	263
Chemotherapy of opisthorchiasis	253	<i>Echinostoma ilocanum</i> in the Philippines	23
Chlorpyrifos against <i>Mansonia uniformis</i>	141	Economic perspective on cost of disease	489
Cholangiocarcinoma and <i>Clonorchis sinensis</i> infection	260		

	Page		Page
Effect of iron supplementation in blood donors	177	Health behavior patterns in malaric clinics	379
Endemic typhus survey in Malaysia	613	Health behavior, socio-economic research	470
Endocarditis, persistent by satellite streptococci	32	Hematological findings in normal newborns	140
Endotoxin in dengue haemorrhagic fever	8	Hemostatic derangement in dengue haemorrhagic fever	138
<i>Entamoeba histolytica</i> , host factors	278	Hepatitis A in Malaysia	201
<i>Entamoeba histolytica</i> , sensitivity to antiameobic drugs	591	Hepatitis acute, aetiology in Malaysia	205
Enteric fever, diagnosing, a reappraisal	574	Hepatitis B infection in India	234
Enteric fever, diagnosis	275	Hepatitis B markers in non-icteric patients	214
Epidemic pulmonary haemorrhagic fever	270	Hepatitis B prevention in Korea	235
Epitope in <i>Plasmodium falciparum</i> sporozoites	13	Hepatitis B problem in Thailand	219
Falciparum malaria, drug resistance epidemiology	111	Hepatitis B problem in the Philippines	75
Falciparum malaria, treatment with Artemether	19	Hepatitis B vaccine, post marketing surveillance	245
<i>Fasciolopsis buski</i> , intestinal absorption studies	582	Hepatitis B virus, molecular genetics	238
Filariasis, attitudes of people in control, treatment	378	Hepatitis B virus, transmission in Korea	241
Filariasis control, problems	479	Hepatitis carrier state in blood donors	280
Filariasis, knowledge, epidemiologic factors	457	Hepatitis cases in Severance Hospital, Korea	236
Filariasis, participation in blood examination	464	Hepatitis in Indonesia	236
Flaviviruses in monkeys, neurovirulence	604	Hepatitis necrosis	239
Flavivirus testing in <i>Cynomolgus</i> monkeys	1	Hepatocellular and cholangiocellular Hepatocellular carcinoma in Indonesia	262
Folic acid in patients with neuro- blastoma	184	Hepatocellular carcinoma in Thailand	279
Giardiasis, detection methods in asymptomatics	96	Herper simplex virus, detection by ELISA	91
<i>Gnathostoma spinigerum</i> , humoral immune response	172	Hookworm vaccine, irradiation of <i>Necator americanus</i>	275
HBsAg and anti-HB _s test reagents	239	Human behavior and malaria	353
HBsAg and anti-HB _s of the population in Jakarta	240	Immunization against HBV infection	243
HBsAg carriers, peritoneoscopic, pathologic fundings	243	Immunization against <i>Opisthorchis</i> <i>viverrini</i> infection	567
HBV markers, HBV infection, passive-active immunization	243	Immunization against infectious agents	278
		Infections hepatitis, comparative study	244
		Inosiplex on immune responses to rabies vaccine	543
		Iron deficiency in students, Cholburi, Thailand	137
		Iron status in Thai male blood donors	177
		Isoprinosine in treatment of infectious hepatitis	245

SUBJECT INDEX

	Page		Page
<i>In vitro</i> assay of antimalarials	515	<i>Mansonia uniformis</i> , evaluation of DDT, Decamethrin	141
<i>In vitro</i> sensitivity of <i>Entamoeba histolytica</i> to anti-amoebic drugs	591	Markers of hepatitis B virus infection	209
<i>In vitro</i> culture, <i>W. bancrofti</i>	579	Mebendazole against taeniasis	82
Knowledge, attitudes and behaviour in relation to diarrhoea	59	Melioidosis in children's Hospital, Bangkok	101
Leprosy control, evaluation of health education	437	Molecular genetics of hepatitis B virus	238
Leprosy control, human behavioural research	421	Myocarditis, typhoid in Jakarta	273
Leprosy, culture-specific health education	427	Needle aspiration in liver cancer	265
Leprosy, knowledge, beliefs, attitudes	433	Neuroblastoma, folic acid, B ₁₂ binding proteins	184
Leprosy study, disease activity, symptom duration	104	Non-viral infectious diseases of the liver	277
<i>Leptospira interrogans</i> Korea	270	Oltipraz pharmacokinetics, antischistosomal efficacy	250
Leptospirosis in Jakarta, diagnosis, treatment	271	Opisthorchiasis, chemotherapy	253
Leptospirosis in Thailand	267	Opisthorchiasis in Thailand	254
Leptospirosis in the Philippines	75	Opisthorchiasis, lipid, bile acid patterns	248
Liver cancer, fine needle aspiration	265	<i>Opisthorchis viverrini</i> , immunization	567
Liver fluke, cholangiocarcinoma, diet	261	Oriental intestinal cholangitis	262
Lymphocyte transformation in leprosy	104	<i>Paragonimus siamensis</i> , route of migration	587
Lymphoma in children	135	Parasites not found in the liver	274
<i>Macaca fascicularis</i> , blood changes in flavivirus testing	1	Parasitic infections in Thailand	620
Malaria and glucose-6-phosphate dehydrogenase deficiency	530	Pivampicillin in chronic bronchitis	272
Malaria control, need for socioeconomic research	475	Plasma, biochemical, coagulation properties	134
Malaria in Persahabatan Hospital, Jakarta	277	<i>Plasmodium berghei</i> , catalase activity in red cell	48
Malaria in Southeast Asia	642	<i>Plasmodium falciparum</i> , efficacy of Artemether	19
Malaria on the Amazon Frontier	342	<i>Plasmodium vivax</i> , treatment with Artemether	19
Malaria parasite and red cell membrane	635	Population movement, transmission of malaria	396
Malaria self prevention practices in Thai villages	432	Praziquantel in opisthorchiasis, field trial	63
Malaria surveillance, cost and performance	406	Praziquantel in taeniasis in Taiwan	82
<i>Mansonia</i> spp. susceptibility to <i>Brugia</i> sp.	144	Praziquantel in severe opisthorchiasis	251
		Problems in leprosy control	486

	Page		Page
Psycho-social, environmental factors in leprosy	442	Serum haptoglobin concentration in hepatitis A	197
Pulmonary hemorrhagic fever, leptospirosis	268	Snails of medical importance in Southeast Asia	282
Quinghaosu efficacy in falciparum malaria	19	Social, behavioural factors in malaria	386
Rabies vaccine, effect of inosiplex on immune responses	543	Social, economic aspects of malaria, Singapore	346
Recombinant leukocyte interferon in hepatocellular carcinoma	264	Social, economic research in tropical diseases	323
Recommendations of seminar on social, economic research	499	Social scientists in control of tropical diseases	333
Red cell membrane and malaria parasite	635	Socio-economic aspects of malaria in Sabah	370
<i>Rickettsia tsusugamushi</i> , surface antigen	151	Sporozoites, <i>P. falciparum</i> , common epitope	13
Risk behaviour to opisthorchiasis	392	Taeniasis in Taiwan	82
<i>Salmonella</i> aortitis in Bangkok	28	Tick survey in Malaysia	613
Salmonellosis risk factors in infants	38	Treponematoses, endemic, inter-regional meeting	S1
<i>Schistosoma japonicum</i> case fatality rate	67	<i>Trichomonas vaginalis</i> in Filipino women	194
<i>Schistosoma japonicum</i> -like infection in Northern Thailand	189	<i>Trypanosoma gambiense</i> , bloodstream forms	156
<i>Schistosoma mansoni</i> in <i>Biomphalaria straminea</i>	265	Typhoid fever treatment with Ceftriaxone	119
Schistosomes, encapsulated-egg-deposition pattern	248	Typhoid myocarditis in Jakarta	273
Schistosomiasis, chemotherapy	250	Typhus, endemic, survey in Malaysia	613
Schistosomiasis, economic benefits from treatment	271	<i>Vibrio cholerae</i> , vibriocidal antibody	558
Schistosomiasis in Mainland Southeast Asia	247	Viral infections, chemotherapy	274
Schistosomiasis japonica control in Japan	253	<i>Wuchereria bancrofti</i> in vitro culture	579
Schistosomiasis japonica granuloma	249	Yaws-affected populations, disease control	S84
Schistosomiasis, social and economic analysis	413	Yaws and other endemic treponematoses	51
Scrub, tick, endemic typhus survey	613	Yaws in India	S35
Seroepidemiological survey of malaria	524	Yaws in Indonesia	S19
Seroepidemiology of hepatitis A in Malaysia	201	Yaws in Papua New Guinea	S59
Seroepidemiology of malaria, Northern Thailand	125	Yaws serologic surveillance	S70
		Yaws in Solomon Islands	S14
		Yaws in Somalia	S66
		Yaws in Southeast Asia region	53
		Yaws in Sri Lanka	S42
		Yaws in Thailand	S49
		Yaws in Western Pacific region	58
		Yaws, research tests	S78
