

SUBJECT INDEX

<i>Acacia penata</i> (L.), larvicidal and pupicidal activities	27	dental caries, BMI association	466
<i>Aedes aegypti</i> , habitats in dengue endemic sites	786	dental caries, schoolchildren	912
<i>Aedes albopictus</i> , esterase activity	552	diabetes mellitus, screening among dental patients	455
<i>Aedes albopictus</i> , habitats in dengue endemic sites	786	diabetes mellitus, type 2, elderly hill tribe	1072
<i>Aedes albopictus</i> , influence of temperature	799	dietary disparity	892
air quality, migrant worker household	396	dietary habits, rural-urban disparity	1093
airborne respiratory viruses	828	drinking water, safety improving	674
<i>Anopheles</i> , climatic factors	1175	enamel caries	1140
anti-hypertensive medication	1107	<i>Enterobacter cloacae</i> , NDM-1-producing	604
antibiotic self-medication	1290	<i>Escherichia coli</i> O104, enteroaggregative	338
Avian influenza virus, surveillance	37	<i>Escherichia coli</i> O145 enteropathogenic,	1248
<i>Bacillus subtilis</i> antibacterial property of plant	109	<i>Escherichia coli</i> , antibacterial property of plant	109
bioactive glass, remineralization effect on caries	1127	<i>Escherichia coli</i> , extraintestinal pathogenic	98
<i>Bithynia siamensis goniomphalos</i> , habitat	975	<i>Escherichia coli</i> , effect of <i>H. cordata</i>	1260
<i>Blastocystis</i> , epidemiology of animal species	1157	<i>Escherichia coli</i> , postweaning piglet	1042
blood donation, university students	1118	<i>Escherichia coli</i> , prevalence of β -lactamases	590
breast feeding, 6-month exclusive	662	<i>Escherichia coli</i> , uropathogenic	1029
<i>Brucella</i> , strain identification by BLVA	127	<i>Fasciola gigantica</i>	762
<i>Burkholderia pseudomallei</i> , biofilm	73	fascioliasis, biliary	524
<i>Candida albicans</i> , effect of cinnamaldehyde	150	fluoride content, red dy tooth drink tea	690
carbon monoxide, exhaled level	429	fluoride dentrifice, remineralizing effect	494
chloroquine, malaria second line treatment	1161	fluoride vanish, enhanced effect with calcium phosphate	1325
colistin combination therapy	1230	fluoride varnish, effect on microhardness	1133
cryptococcosis, cavitary pulmonary	179	fungal infection, invasive	159
<i>Culex quinquesfasciatus</i> , tembusu virus isolation	546	G6PD deficiency, prevalence	1308
delivery, maternal preferred type	875	G6PD deficiency	655
<i>Demodex</i> , immunocompromised patients	532	<i>Giardia duodenalis</i>	756
dengue control, integrated approaches	955	gonorrhea patient, partner notification	367
dengue management, competency of medical student	983	H ₅ N ₁ , specific scFv-Fc antibodies	45
dengue prevention, confirmatory factor analysis	297	<i>Haemophilus influenzae</i>	331
dengue viral infection, differentiation from leptospirosis and scrub typhus	1274	<i>Haploctis taichui</i> , metacercaria elimination	777
dengue, reproduction estimation	809	health impact assessment	407
		healthcare-associated infection	204
		hepatitis B virus, hospital personnel sero-protected	819
		hepatitis E, acute infection	570
		herpes simplex virus, type 1 and 2 infections	999

HIV testing service	282	personality trait	447
HIV-1 mutation	271	<i>Plasmodium falciparum</i> , disinct dimer	
HIV-associated cryptococcal meningitis	56	interface	722
honey poisoning	189	<i>Plasmodium falciparum</i> , proteomic analysis	711
<i>Houttuynia cordata</i> , antibacterial effect	1260	<i>Plasmodium vivax</i> , diversity of PvDBP	737
<i>Houttuynia cordata</i> , medicinal plant	616	pneumococcal meningitis	1281
		professional identity	447
		<i>Pseudomonas aeruginosa</i> , multidrug	
ice production, safety improving	674	resistant	1056
idiopathic chyluria	360		
ischemic stroke, cost of care	628	quality of life, elderly people	884
<i>Lasianthus</i> (Rubiaceae), antibacterial testing	117	rabies vaccination, pre-exposure	306
<i>Legionella pneumophila</i> , virulence genes	83	<i>Rickettsia</i> , surveillance among tick	585
leptospirosis, differentiation from		risky sexual behavior	213
dengue infection and scrub typhus	1274	rubella antibody	65
leptospirosis, rapid identification	1210		
leptospirosis, seroprevalence	1222	<i>Sallmonella</i> , lung abscess	91
Leptospira, serodiagnosis	576	<i>Salmonella enterica</i> serovar Kedougou	1000
<i>Lobelia chinensis</i> , medicinal plant	616	<i>Salmonella</i> , chicken meat and eggs	1241
<i>Lomentospora prolificans</i> , effect of farnesol	170	<i>Salmonella</i> , spidemiology and antibiogram	1017
		sample size calculation	240
		<i>Scedosporium boydii</i> , effect of farnesol	170
malaria, self care	1	sclerotherapy	361
meliodosis, neonatal	836	scrub typhus differentiation from dengue	
<i>Moraxella catarrhalis</i> infections	1267	and leptospirosis	1274
multiple imputation technique	694	scrub typhus, presenting with cholecystitis	143
<i>Musea domestica</i> , response to natural		<i>Selaginella uncinata</i> , medicinal plant	616
products	561	sexually transmitted infection, school	
<i>Mycobacterium tuberculosis</i> , detection	322	students	386
		sitting time, related sociodemographic	
<i>Naegleria fowleri</i> lysate	945	factors	1386
nematodes, entomopathogenic	18	smoking cessation, counseling in dental	
norovirus, molecular epidemiology	1200	practice	926
nurse's attitude	376	smoking cessation, new program	
nutritional status, changes among		assessment	421
Malaysian adults	682	smoking cessation, role of dentists	473
		<i>Spemacoe hispida</i> , insecticidal perperties	1188
over the counter drug use	1290	<i>Staphylococcus aureus</i> , methicillin resistant	351
overcommitment, mediation effect	227	<i>Streptococcus</i> group B, neonatal sepsis	1063
overweight and obesity	902	<i>Streptococcus mutans</i> , effect of xylitol gum	485
		<i>Streptococcus</i> , group B, transmission rate	841
<i>P. falciparum</i> , blood-stage antigen	507	<i>Streptococcus</i> , group B, mycotic aneurysm	850
<i>Parasarcophaga (Liosarcophaga) dux</i>	184	surgical site infection	1299
<i>Passifora foetida</i> Linn, bioinsecticide of			
leaf extracts	1175	<i>Taenia</i> , egg detection in houseflies	9
pediatric healthcare, associated infections	641	TB diagnosis	313
<i>Pergularia extensa</i> , insecticidal properties	1200	tembusu virus	546

SUBJECT INDEX

thalassemia, pilot screening program	1083	<i>Toxoplasma</i> , a seronegative case	538
thalassemia, prevalence among migrant workers	864	<i>ugt1a1</i> genotypes	655
thalassemia 1, α testing program	856	weight-loss program	438
tooth loss, related factors	253		
tetrodotoxin poisoning	197		
<i>Toxoplasma gondii</i> , detection by (q)PCR	749	Zika virus infection	993
