CONTENTS	Page
Overweight and obesity as protective factors in severe falciparum malaria P Wilairatana, N Tangpukdee, S Krudsood, N Wilairat, P Wilairat, P Thebpatipat	421
Hemolysis and acute kidney injury following intravenous artesunate therapy in severe falciparum malaria: a case report B Ozdemir, P Onguru, E Taspinar, H Bodur	428
Changes in efficacy of artemisinin-combination therapies in uncomplicated falciparum malaria patients in Thailand: a 10-year study J Moe, P Wilairatana, N Tangpukdee, S Muangnoicharoen, K Poovorawan, S Krudsood	433
Distribution of ¹⁴ C-labeled arteether in mice after intramuscular injection A Nontprasert, V Khachansakumet, S Ampawong, K Poovorawan, N Suthisai, C Cheeramakara	442
Short Report: Molecular characterization of <i>Giardia duodenalis</i> and <i>Blastocystis</i> sp in livestock from animal farms in Bulacan, Philippines DEV Adao, IDJ Ronquillo ³ , YKM dela Cruz, EJA Pagoso, WL Rivera	450
Resistance status of <i>Aedes aegypti</i> to malathion and cypermethrin in Bengkulu City, Indonesia D Triana, SR Umniyati, B Mulyaningsih	461
Surveillance of <i>Aedes</i> vectors in selected agricultural, fogging-free and dengue-prone areas in Peninsular Malaysia O Wan-Norafikah, CD Chen, MH Mohd-Amir, AH Azahari, AH Zainal-Abidin, WA Nazni ⁴ , M Mariam, J Mohd-Shahizan, M Sofian-Azirun	469
Mosquitocidal potential and chemical composition of essential oil and ethanolic extract of <i>Litsea petiolata</i> Hook.f. (Lauraceae) from northern Thailand against <i>Aedes aegypti</i> (Diptera: Culicidae) R Muangmoon, D Champakaew, A Junkum, U Chaithong, A Jitpakdi, D Riyong, A Wannasan, J Intirach, A Chansang, P Somboon, B Pitasawat	486
Antibody responses against influenza B lineages among community-dwelling individuals 65 years of age or older having received trivalent inactivated influenza vaccine during two consecutive seasons in Thailand M Chittaganpitch, P Puthavathana, P Praphasiri, S Waicharoen, M Shrestha, JA Mott, K Prasert	500
Iron chelator effect on biofilm-producing <i>Burkholderia pseudomallei</i> antibiotic susceptibility in a microfluidic culture system S Chattagul, S Wongratanacheewin, RW Sermswan	514
Antibiogram profiling of isogenic <i>in vitro</i> -induced vancomycin intermediate-susceptible and parent susceptible <i>Staphylococcus aureus</i> strains. A Lulitanond, P Khamparat, S Srinan, S Wongthong, S Sinlapasorn, A Sirichoat, R Tavichakorntrakool, A Chanawong	522
Treatment outcomes and neurological sequelae among tuberculous meningitis patients at Sakaeo Crown Prince Hospital in eastern Thailand J Suphanklang, W Santimaleeworagun, N Chalee, W Saelim	530
Risk factors and outcomes of ventilator-associated pneumonia from a neonatal intensive care unit, Thailand A Thatrimontrichai, W Janjindamai, S Dissaneevate, G Maneenil, S Kritsaneepaiboon	537

Awareness of HIV pre-exposure prophylaxis (PrEP) among men who have sex with men in Hanoi, Vietnam	TV Ha, L Chockalingam, LM Giang, A Krishnan, M Bhadra, WC Miller, T Sripaipan, VF Go	546
Knowledge, attitudes and practices on leptospirosis prevention among local communities in Jempol District, Negeri Sembilan, Malaysia	SW Ng ¹ , G Thevi Selvarajah, SK Bejo, R Safii, SM Saliluddin, ARM Gobil, S Amin-Nordin	554
Knowledge, attitudes and practices of Serbian medical students regarding influenza vaccination	I Vujčić, N Radulac, E Dubljanin, S Šipetić	566
A situational analysis of a healthy school canteen development program: lessons learned from a selected group of primary schools in Jakarta, Indonesia	E Meiyetriani, J Februhartanty, DN Iswarawanti, ARP Sudibya	577
Assessment of a diabetes education program on knowledge of diabetes among diabetics attending a government hospital in Turkey	P Soylar, A Özer	589
Prejudice against obesity among students in a faculty of health sciences: a cross-sectional study in Turkey	C Cevik, SK Sivrikaya	598
Survey of married women's choices of family planning methods in Bingöl, Turkey	A Bulut, C Yigitbas	606
